

## JUAREZ, MEXICO, IS SEIZED BY REBELS OPPOSING MADERO

Mutinous Outbreak in Border City Results in Number of Deaths, Including Two Americans—Rebellious Soldiers Imprison Commanding Officers and High Officials in Name of Zapata Same Men Helped Madero Capture Place Last Year

EL PASO, Tex., Jan. 31.—Imprisoning their leaders and taking possession of Juarez in the name of Emiliano Zapata, the insurgents of Ciudad Juarez this evening declared rebellion against Francisco I. Madero, their president. Juarez is now in their hands and they threaten to resist to the death any attempt to restore Madero's authority.

At midnight an Italian surgeon holding a commission in the Mexican army, which has just arrived in Juarez, reports counting 15 dead bodies, including two Americans—a man and a boy of 12 years. The boy, lying in the street, shot through the breast, was dead when the surgeon, stooping to feel his body, passed. Most of the dead are near the custom house.

Shortly after the mutinous outbreak, the Mexican Central passenger train from El Paso bound for Mexico City, was held up at the depot in Juarez and all Americans removed and sent back to El Paso. All Americans found on the streets were also sent back to American soil.

When the mutineers made their first break this evening, they accompanied their dash with the firing of their rifles and releasing all prisoners, shooting into public stores to show contempt for the established government.

Chief Davis, a reporter for a Memphis paper, was caught by the rebellious soldiers, who, he says, were drinking heavily. He was in Colonel Estrada's headquarters, telephoning, at the time the soldiers placed him under arrest. He and a Herald reporter and a man named Levy were all taken into custody. Davis says that the guard who was placed over him was wounded in the head. Davis escaped by striking the guard and running down an alley, with the soldiers firing at him.

Drunken Soldiers in Control.

At a late hour tonight, looting, general and drunken soldiers stagger along the streets, shouting "Viva Zapata!" "Viva Orozco!" and "Down with Madero!"

Col. E. Z. Steever, with four troops of United States cavalry, are stationed along the American side of the Rio Grande to prevent Americans from crossing into Mexico.

At 11:30 p. m. the Zapatistas were in control of the custom house, and declaring their intention to dynamite it to obtain the considerable sum of government money kept there.

Ten months ago, Madero and his command took the town from the Diaz soldiers. Tonight the men who helped Madero take the town, turned against him and have taken possession in the name of Emiliano Zapata, who is leading the only rebellion of importance against Madero.

Imprison High Officials.

The mutineers imprisoned their colonel, Augustin Estrada, close friend of Madero and of Gen. Pascual Orozco, and also locked Chief of Police Gallo in his quarters. This was their first act on rebelling tonight. Their next act was to declare Captain Martinez their leader, seize all arms and ammunition in Juarez, and to send men southward to blow up bridges between Juarez and the southern city of Chihuahua.

"We will be ready for them when they come. There will be real fighting tomorrow," declared the mutineers.

## MAY CONSTRUCT MORE AUXILIARY VESSELS

Abandonment of Two Battleships a Year Plan by Democrats Has an Unexpected Effect

WASHINGTON, Jan. 31.—The decision of the Democratic caucus against the building of any battleships as part of this year's naval program may have the unexpected effect of adding materially to the navy's auxiliary fleet.

Sentiment today indicated that a substantial increase in the navy's auxiliary ships would find widespread support in the house.

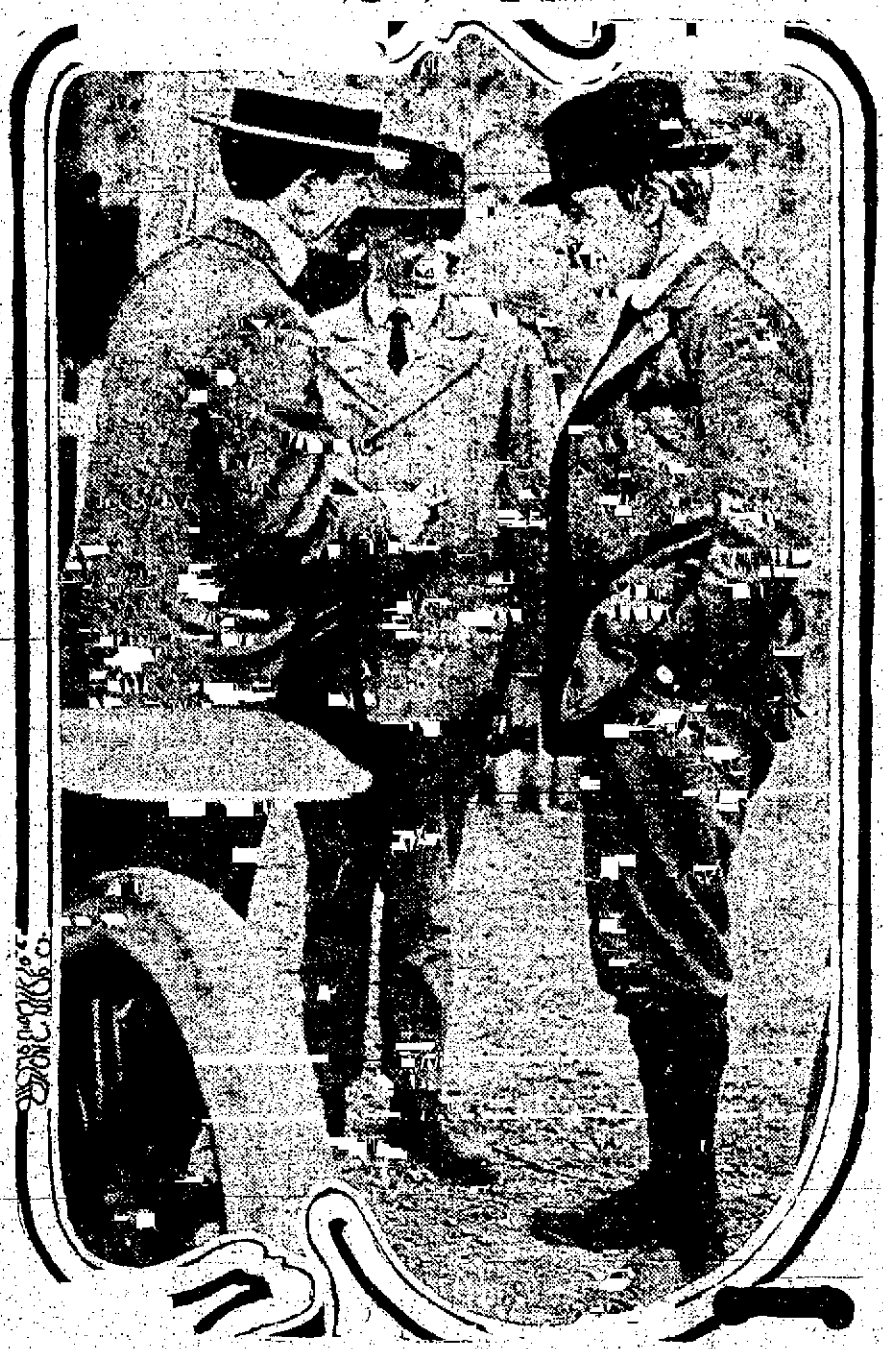

The Democratic leaders would not comment today upon the statement of Secretary of the Navy Meyer, in which the Democrats were attacked for an abandonment of the settled policy of two battleships each year. It is pointed out, however, that the action of the caucus does not preclude the house from supporting a program of smaller vessels, and that the need of smaller supply and auxiliary ships has been impressed constantly upon the naval affairs committee by Secretary Meyer.

## MAYOR SPEER ANNOUNCES THIS IS HIS LAST TERM

DENVER, Colo., Jan. 31.—Robert W. Speer, now serving his second term as mayor of Denver, in presenting his budget to the city council tonight, announced officially that he would not be a candidate for reelection.

## TWO TRAINMEN KILLED

LAS VEGAS, N. M., Jan. 31.—Firemen Crabtree and Krick were killed today when two Santa Fe freight trains collided near Watrous, 20 miles east of here. Three other trainmen were hurt slightly. Failure of the east-bound train to wait the westbound at Watrous is thought to have caused the collision.

General Robert Baden-Powell (on the right), the defender of Mafeking during the Boer war, and leader of the British Boy Scout movement, speaking to two enthusiastic boy scouts. General Baden-Powell has just arrived in the United States from Kingston, Jamaica, where he inspected the Kingston Boy Scout brigade.

## FOUNDER OF BOY SCOUTS REACHES UNITED STATES

Sir Robert Baden-Powell Met at Quarantine by 14-Year-Old Boy. Praises Canal Work.

NEW YORK, Jan. 31.—Lieut. Gen. Sir Robert Baden-Powell, "Hero of Mafeking," and founder of the Boy Scouts, arrived in New York today from England via Panama and Jamaica. He was met at quarantine by William Waller, a 14-year-old member of the boy scouts and the proud wearer of a medal of honor for saving a human life. The had delivered to his chief a letter of welcome from President Taft and, on behalf of the organizations he represented, personally told the general that he was glad to meet him.

General Baden-Powell spoke briefly to the crowd and then moved to the hotel. He recently visited Russia, Norway, Sweden, Denmark, Holland, Belgium, France and Chile, he said, and found the boys in those countries intensely interested in the work. Most of the governments, he added, are fostering the movement.

"If the governments will give us the price of a dreadnought," said the British soldier, "we will make dreadnoughts unnecessary."

General Baden-Powell said the Panama canal was unquestionably the greatest work of man and that the work of Colonel Goethals, the chief engineer, and of Colonel Goras, who stamped out the yellow fever in the zone, was marvellous.

"If," he said, General Baden-Powell is known in England, will leave for Boston tomorrow and Saturday will visit President Taft at Washington.

## Miners Demand Investigation of Federal Judge

INDIANAPOLIS, Ind., Jan. 31.—Condemning Federal Judge A. B. Anderson for releasing Detective W. J. Burns, under indictment by the Marion county (Indiana) grand jury on charges of kidnapping, in connection with the arrest of J. J. McNamara, the convention of the United Mine Workers of America today adopted a resolution demanding that congress investigate the action with a view to removing the judge.

The resolution also criticizes the federal judge for taking documents held by the county court, declaring that his action set at naught the laws of the state.

The report of the constitutional committee, which has been before the convention for a week, was completed this afternoon and adopted as amended. The new constitution will go into effect April 1.

Before the constitution was adopted as a whole, John H. Walker, president of the Illinois miners and a leading Socialist, succeeded in amending the constitution governing the Mine Workers Journal, the official organ of the organization, to read that, "It shall serve the political interest of our association and the general labor movement." Under the report of the committee the journal will be nonpolitical.

Walker, in asking that his amendment be adopted, denied that it was in the interest of any political party, but its adoption was conceded to be another victory for the Socialists.

The subcommittee of the joint wage scale conference will meet tomorrow morning. The convention will meet in the afternoon.

## "HOBOS" TO COURT IF INTERFERED WITH

They Will Hold Convention in Cincinnati Despite the Mayor's Orders

CINCINNATI, O., Jan. 31.—In defiance of the order of Mayor Henry T. Hunt that the "hoboes" of the United States cannot assemble in this city for a four-day convention without being arrested and sent to the workhouse, James Eads How of St. Louis, the "millionaire hobo," who is president of the assembly of vagrants, declared today that the convention would begin as scheduled tomorrow, and that a test would be made of the right of citizens of peaceful assemblage.

How, acting for the "hoboes," today sent the following telegram to President Taft at Akron, O.:

"We, who represent 200,000 of America's unemployed, invite you to attend our convention here tomorrow."

How declared tonight that the Unskilled Minority and Casual Workers association, the official name of the "hoboes" organization, would be called at the Central Turner hall and that if an attempt is made by the police to break up the meeting, an appeal will be taken to the court. Joseph Fols, a millionaire, who is interested in the Henry How movement, has promised to be one of the speakers at the convention.

## MAC FARLAND FOUND GUILTY

Newark, N. J., Man Was Charged With Putting Poison in Medicine Bottle. His Wife Habitually Used

NEWARK, N. J., Jan. 31.—The jury in the case of Allison M. MacFarland, on trial for the murder of his wife by cyanide poisoning, returned a verdict of guilty in the first degree shortly before midnight tonight.

The conviction of MacFarland was mainly on circumstantial evidence. His wife met death on the night of October 17 last, when MacFarland was absent from home, by taking cyanide of potassium, which the state alleged MacFarland deliberately had substituted for headache medicine which Mrs. MacFarland was in the habit of taking.

MacFarland's declarations that he had told his wife about the cyanide, and that if she took it by mistake it was her own carelessness, was offset greatly by more than 70 letters which passed between MacFarland and his former stenographer in Philadelphia, Florence Bromley, in order to marry whom the state alleged that MacFarland planned to get rid of his wife.

## FIND POISON IN VISCERA

J. W. Sparling, Sr., and Son, Peter, Came to Death From Arsenic. Says Coroner's Jury

TYRE Mich., Jan. 31.—A coroner's jury today, conducting an inquiry to determine the cause of the death of John Wesley Sparling, Sr., and his son, Peter Sparling, decided that both men came to their death from poisoning.

Dean Vaughan of the University of Michigan reported he found traces of arsenic in both stomachs.

University of Michigan chemists, some time ago, when they examined the viscera of Cyril and Albert Sparling, the other two sons, reported they found arsenic in both. Mrs. John Wesley Sparling, Sr., the mother, and Dr. Robert A. MacGregor of Uby, the family physician, are now awaiting trial in the circuit court on charges of first degree murder.

Miss Margaret Gibbs, a nurse, who attended the Sparlings, was bound over for trial on a charge of accessory after the fact. The Sparling home is at Uby.

## Convinced Call of People Will Draw Roosevelt to Helm

CHICAGO, Jan. 31.—"We are going right ahead with our movement and the people are with us," said Alexander Boveil, president of the Roosevelt National committee today, after a visit to Theodore Roosevelt in New York. A call was issued for a meeting of the committee here February 10, for discussion of future plans.

"I will not enter the lists," continued Mr. Boveil, "of those who know exactly what Colonel Roosevelt intends to do concerning the mention of his name for president."

"I visited him to determine for myself that he was the same man now that he was the west always have known him to be, and that the attitude that he is forced to take at the present time is as honest, sincere and frank as were his actions of other days."

"I am convinced that the exigencies of the country will appeal to the patriotism of Colonel Roosevelt with such force that all other considerations ultimately will be swept aside."

"Another thing: The fact that the movement to nominate him originates among the people themselves would, I think, naturally appeal to Colonel Roosevelt's sense of duty, as it must appeal to every man."

"Instead of trying to defeat the will of the people by forcing himself on them (with a third term) he is, I am convinced, grateful that the proposal of his nomination is coming up as an imperative demand of the people—a demand which he may not in patriotism find it possible to disregard."

## U. S. STEEL CO. ANSWER READY

ABSOLUTELY DENIES VIOLATING TRUST LAW

Corporation, Carnegie, Rockefeller and Others Reply to Dissolution Suit

TRENTON, N. J., Jan. 31.—Absolute denial of alleged violations of the anti-trust law is made by the United States Steel corporation, its subsidiary companies and directors, in their answers which will be filed tomorrow morning in the United States district court to the government's dissolution suit. Five separate answers will be filed among 23 defendants.

The effect of its organizations, the corporation declares, has been to increase production, effect economy and increase foreign trade from \$5,000,000 to \$60,000,000 annually within 10 years. So long has the government acquiesced in its existence, the answer says, that it is now too late, as a matter of equity, to insist that its organization was illegal.

Nothing was withheld from President Roosevelt by Messrs. Taft and Pickens on November 4, 1907, the answer says, when they sought his consent to the corporation's proposed purchase of the Tennessee Coal, Iron and Railroad company, nor were the so-called Gary dinners productive of agreements to regulate prices.

Among Those Answering.

The answers made public tonight are those of the steel corporation, Andrew Carnegie, John D. Rockefeller Sr., John D. Rockefeller Jr. and Edmund C. Converse. The Rockefeller's make a joint answer.

The Messrs. Rockefeller deny that they had an active part in the formation or management of the corporation, the older Rockefeller declaring that he has had no immediate relations to the iron or steel business since 1901.

Mr. Carnegie says he had no part in the plans for organizing the corporation and no voice, direct or indirect, in its management. He admitted selling the Carnegie Steel company to the United States Steel corporation, but denies that the acquisition by the Carnegie company of its subsidiaries was in restraint of trade.

The answer of Edmund Converse, a director of the United States Steel corporation, is similar to the corporation answer.

Each of the defendants prays that suit be dismissed.

The next step will be the filing of replications by the government, after that a response will be filed by the corporation.

## REFUSES TO AID RUCKER

President Kenahan of Mining and Metal Assn. Says Information Cannot Be Used for Politics

DENVER, Jan. 31.—State Treasurer Roderic Kenahan, acting in his capacity as president of the Colorado Mining and Metal association, tonight telegraphed to Congressman A. W. Rucker of Colorado in Washington, refusing to give information that might aid Mr. Rucker in the fight the Colorado congressmen have been waging against the reduction of the tariff on lead.

Mr. Kenahan took the position in his telegram that by furnishing such aid he would be lending the information of the association to aid a political cause which is alleged to be against the policy of the organization.

## ALLEGED MAIL ROBBER'S ROOM FILLED WITH LOOT

DENVER, Jan. 31.—Nearly 3,000 articles of value, said by postoffice inspectors to have been stolen by W. T. Johnston, a Union Pacific traveling salesman on trains running between Denver and Omaha, were found by the inspectors today in Johnston's room here. The alleged booty included 250 silk neckties, 300 pairs of silk socks, more than a pint measure of gold rings and uncut gems, many pairs of silk slippers and more than a dozen safes.

Johnston, who was taken into custody here yesterday, still is in the county jail unable to procure bail. The inspectors refuse to make public his alleged confession.

## LEE GUILTY OF MURDERING FAMILY; PRISON FOR LIFE

EVANSVILLE, Ind., Jan. 31.—William Lee, confessed murderer of his father, mother and brother, tonight was declared guilty by a jury which fixed his punishment at life imprisonment. Lee pleaded insanity but the jury found the defendant of sane mind.

The relatives of Lee were killed while they slept. Their heads were crushed with an axe. Lee had declared that "it is all a dream to me" but his memory was not at fault, excepting on points directly connected with the murders.

## C. C. DISTRICT MOTOR CLUB APPOINTS ROAD DELEGATE

SPECIAL TO THE GAZETTE.

CRIPPLE CREEK, Jan. 31.—Nelson Franklin of Victor, general manager of the Eagle Ore company, was today named as a delegate to represent the Cripple Creek District Motor club at the Good Roads convention in Colorado Springs in February.

## EARTHQUAKE IS RECORDED IN ALASKA

Most Severe Shocks Ever Experienced in Territory. Frighten Populace

UNPRECEDENTED WEATHER  
Change in Japan Current May Be Cause. Possible Changes in Ocean Floor

CORDOVA, Alaska, Jan. 31.—Heavy earthquake shocks were felt today throughout southwestern Alaska and far into the interior. The tremble was felt on the coast as far west as Seward, Fairbanks, 350 miles inland, reports that it was severe in the Tanana valley.

Four shocks were felt at Cordova, the first and most severe coming at 11:12 o'clock this morning. Three lighter shocks followed at intervals of about an hour.

The first shock lasted 10 seconds and caused buildings to sway alarmingly. Every one rushed into the street for safety but no material damage was done.

A wireless message from St. Paul island says all is well on the Pribilof islands. Two weeks ago communication with the island was lost and it was felt a severe earthquake was responsible but the message tonight said a severe gale wrecked the aerial at that time.

The warm weather which Alaska attributes to the reported change in the Japan current continues throughout this section of Alaska. Heavy rains are falling in the foothills, an unprecedented condition for this time of year.

Great Excitement at Valdez.

VALDEZ, Alaska, Jan. 31.—A violent earthquake shock was felt here at 10:12 o'clock this morning, continuing 50 seconds. The movement was east to southeast. The earthquake was the severest ever experienced here, although it did not, like the shock of last year, sever the cable.

Nine minor tremors of brief duration followed the first shock. Valdez has only two-story wooden buildings, and no damage was done here. Word has not been received concerning the effect upon the glaciers and the mountains.

Due to the warm winter and strong northwest current, described in Alaska today, the course of the Japan current, but accounted for by scientists as due to continued southeast gales, the earthquake has caused great excitement here, and there is much speculation as to possible changes in the ocean floor.

Since noon three more shocks have been felt here, the first at 12:35 and the other at intervals of about an hour. The first shock this afternoon was of 10 seconds duration and was strong, although not as violent as the one this morning. The others were light.

The tremor this morning was of sufficient violence to shake goods off the shelves in the stores and to stop clocks in all parts of the town.

Registered at Seattle.

SEATTLE, Wash., Jan. 31.—The earthquake felt at Valdez, Alaska, today, was recorded on the seismograph at the University of Washington, the record showing that the oscillations began at 11:49 a. m. Pacific time, and continued for a period of an hour and a half. Forty-five minutes after the

(Continued on Page Two.)

## GOVERNMENT INTRODUCES TELEGRAMS FROM PACKERS

Prices of Four Big Companies Differed Less Than 1/2 Cent in Period Covered by Evidence

CHICAGO, Jan. 31.—Seven telegrams giving the daily tonnage, prices and selling prices of dressed beef sold in New York by Armour & Co., Morris & Co., Swift & Co. and the National Packing company, in one week in July, 1908, were introduced in evidence at the packers trial today in support of the government's contention that the defendants operated a commission in restraint of trade.

In the period covered by the telegrams the companies, described as the "big four," sold 25,000,000 pounds of beef in New York city, with less than one-half cent difference in the average price obtained.

George D. Roberts, who was assistant manager for the National Packing company in New York in the summer of 1908, identified the messages as of the form sent daily over the private wire to the Chicago office. When the manager was absent from the city, the witness said, he rather the information by telephone from the representatives of Armour & Co., Swift & Co. and Morris & Co., and wired it to Chicago.

Roberts corroborated the testimony of Everett B. Dill, former manager of the National Packing company in New York, regarding the exchange of this information between representatives of the "big four."

## EARTHQUAKE IS RECORDED

(Continued From Page One)

first vibration there were two severe shocks, lasting two minutes each, and separated by an interval of one minute. Prof. Henry Landers of the department of geology said that the north and south movement was the most pronounced, the east and west vibrations being barely perceptible. Regarding the reported change in the course of the Japan current, Professor Landers said:

"There might be slight local changes due to the prevailing southeast gales, but I don't believe there has been sufficient changes of the ocean floor to

## SHOCK RECORDED IN KANSAS.

LAWRENCE, Kan., Jan. 31.—A violent earthquake, supposed to have its center in the northern part of South America, was recorded on the seismograph at the University of Kansas, this afternoon. The disturbance lasted an hour.

## JUAREZ, MEXICO

(Continued From Page One)

The reported revolt of the Juarez garrison.

## Zapata Will Not Surrender.

MEXICO CITY, Jan. 31.—All telegraphic communication with Cuernavaca, capital of the state of Morelos, where Emiliano Zapata and his followers are in revolt, was stopped this evening when the one remaining wire to the south was cut. Direct wires both federal and railway, between Mexico City and Cuernavaca, were cut yesterday.

Messages filed as late yesterday as 10 o'clock, but no word came to serious fighting in the neighborhood of the state capital, but a special dispatch to Imperial, filed shortly after noon, indicates that an early attack upon the town would be no surprise. It says the Zapatistas today avoided serious conflict with federal and army troops. The net results of the fighting northwest of Cuernavaca, since last Thursday night according to army officials in Cuernavaca, are: Federals—22 killed, 35 wounded and five missing; Zapatistas—between 200 and 250 killed.

In all, but one or two of the engagements, the Zapatistas were forced to retire, but as a body they held relatively the same positions they did. The nearest engagement of importance to Cuernavaca was that yesterday between 400 Federals and 700 Zapatistas five miles north of the city. The Zapatistas were forced back. A newspaper man who went into the hills near Tlaxiuhim, Zapata's stronghold, with a former officer of the Zapatistas, in an effort to have the rebel leader surrender, returned to Mexico City alone tonight, and reported the mission a failure. Zapata, the newspaper man says, ex-

## RAILROAD MAN, WELL KNOWN IN COLORADO, IS ELEVATED

CHICAGO, Jan. 31.—A. G. Ridgway, formerly assistant to F. O. McChesney, second vice president of the Chicago, Rock Island & Pacific railroad, who was killed recently in a wreck at Kinmundy, Ill., today was made acting second vice president of the road.

Mr. Ridgway is one of the prominent railroad officials of the country whose career has been identified almost exclusively with the state of Colorado. Many years ago he was with the Denver & Rio Grande and rose to be superintendent of the Saluda division.

He afterwards became manager of the Florence & Cripple Creek road and left that position to become builder of the Short Line road, with headquarters at Colorado Springs, of which he was general manager for several years. He then went with the Moffat road as general manager and from that position back to the Denver & Rio Grande as general manager.

About a year ago he went with the Rock Island, as assistant to Second Vice President McChesney, whom he now succeeds as second vice president. For some time his home has been in Chicago.

Mr. Ridgway is widely known over this state and has hundreds of warm personal friends in railroad and other business circles of Colorado.

## TAP UNDERGROUND RIVER

GEORGETOWN, Colo., Jan. 31.—Workmen drilling 6,550 feet from the portal in the Marshall-Russell mine tunnel here, unearthed what they claim to be a veritable underground river today.

Immediately after the firing of several dynamite blasts in the tunnel, workmen started to clear away rock and earth loosened by the shots when they were met by a slowly advancing wall of soft earth. Realizing their danger they ran, but before they could get 50 feet away from the wall of crumbling water soaked earth, there was a rush of water that filled the tunnel to a depth of four feet, sweeping over cars before it, and turning several of them completely over. All of the workmen escaped. It is said that this is the first occurrence of its kind ever recorded in Colorado.

## The Value of Old Jewelry

oftentimes lies not so much in its intrinsic value as in the oddness or uniqueness of design or the associations connected with it. We can make over your own pieces of old jewelry, or we can reset it, repair it or submit designs for new pieces as suits your preference. The facilities of our jewelry shop are such that we can assure you of the highest order of workmanship.

## The Johnson Jewelry Company

## PROCEDURE MAY BE CHANGED

House Democrats Admit Possibility of Public Hearings When Formulating New Tariff Bills

WASHINGTON, Jan. 31.—The house Democrats may change their procedure of formulating new tariff bills when consideration of the woolen schedule is reached. Chairman Underwood of the ways and means committee said today it was possible that public hearings would be held. The Democrats have held no hearings on the tariff matters in the present congress.

"The delay in the wool bill is due to the appropriations measures," said Mr. Underwood. "It probably will be March before we get a bill before the house. We have a voluminous report to digest and much information to consider before submitting the bill to the Democratic caucus."

## BLOW FOR THE DEFENSE AT SEATTLE TRIAL

SEATTLE, Wash., Jan. 31.—Judge John B. Taky, before whom Mrs. Linda Burfield Hazard, the "starvation doctor" is being tried for the alleged murder of Miss Claire Williamson, one of her patients, made a ruling today shutting out the testimony of 50 prospective witnesses for the defense. The latter were to have been called to tell the jury that they had taken the "starvation cure" and had benefited physically.

Virtually the entire day was consumed with the examination of physicians called to give expert testimony. Dr. Stephen J. Olmstead declared his opinion that Miss Williamson was "wholly incapable of sustaining life."

Dr. C. W. Littleton was equally positive in his belief that Miss Williamson's death was not due to starvation.

## DECAYED TOOTH CAUSES SWELLING; MAN CHOKES

ST. LOUIS, Mo., Jan. 31.—Joseph Castor was choked to death last night by a swelling caused by a decayed tooth. Swelling to the advanced stage, known to medical science as " Ludwig's angina," Castor was suffocated by the swelling muscles.

## LIEUT. COL. GOODIN RETIRED

WASHINGTON, Jan. 31.—The retirement of Lieut. Col. James A. Goodin, Seventh infantry, owing to disability, is announced.

First Lieut. Albert B. Dockery, Fifth cavalry, is relieved from station at Sacramento, Cal., and will proceed to San Francisco and take station at the latter place.

Leave of absence for 10 days is granted Second Lieutenant Robert C. Rodgers, Fourth cavalry.

## JAPANESE SOLDIERS ARRIVE IN MUKDEN

ST. PETERSBURG, Jan. 31.—A Mukden dispatch says that in consequence of the arrest of several Japanese, suspected of being revolutionary propagandists, a detachment of Japanese troops has arrived there to protect Japanese residents. Thirty-seven revolutionary suspects were executed in Mukden on Tuesday and Wednesday.

## Itch! Itch! Itch!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—Itch! Itch! Itch! constant itching! It seemed that I must tear off my very skin—Itch! Instant relief—my skin cooled, soothed and healed! The very first drops of D.D.D. Prescription for Eczema stopped that awful itch instantly; and the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it. D.D.D. has been known for years as the only absolutely reliable remedy for itches of every kind. It washes away the disease germs and leaves the skin as clear and healthy as that of a child. All other drugstore have D.D.D. Prescription for it. If you can't come to us, but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full-size bottle on this guarantee: If you do not get relief from it, we will refund you the money. It costs you not a cent. THE ROBINSON DRUG CO.

## JOSEPH STEFFENS DEAD

SACRAMENTO, Cal., Jan. 31.—Joseph Steffens, banker and father of Anna Steffens, died at his home here today.

There was an observatory for the study of the stars at Alexandria in Egypt in the year 200 B. C.

## Cascarets Insure Inside Cleanliness

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Headache

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermented food and foul gases; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## SHIPPER AFTER MUCH LOWER EXPRESS RATES

WASHINGTON, Jan. 31.—A reduction of approximately 30 per cent in the express rates of the country, it developed today, is the desire of the shippers pressing the inquiry into the express business before the interstate commerce commission. The witnesses stated that this was the motive behind the inquiry.

Attorney Frank Lyon of the interstate commerce commission discussed the work of the commission's investigation during the last week of last month. The figures indicated that between 1902 and 1910 the increase of express revenues to the railroads was 184 per cent, while the increase of passenger revenues 108 per cent, and the increase of mail revenue, 72 per cent. In the same period the increase in the population of the country was only 38 per cent.

## ITALIANS KILL FISHERMEN

TRIPOLI, Arabia, Jan. 31.—An Italian warship yesterday took 10 prisoners from a native boat fishing vessel and killed two of the men who tried to escape by swimming ashore. The warship bombarded two coast villages on January 24 and January 27. It is expected that Hodeida will be bombarded tonight.

## RECOMMENDS PAYMENT OF CIVIL WAR CLAIMS

WASHINGTON, Jan. 31.—Civil war claims amounting to \$1,561,382, are recommended for payment in a general bill reported to the house today from the committee on war claims. The sum of \$456,386 is allowed to churches and organizations for use of buildings and property during the war; \$1,035,560 to individuals for army stores and supplies; and \$59,575 to officers for pay withheld.

## HONDURAS IS HAPPY

PURTO CORTEZ, Honduras, Jan. 31.—(Via wireless)—It was learned here today that the Honduran congress had accepted the resignation of Vice President Borgan and had appointed Dr. Bertrand to fill the vacancy. Dr. Bertrand was made provisional president after a successful revolution headed by General Bonilla against the administration of President Davila. Many towns are in holiday attire in honor of the celebration tomorrow of the inauguration of General Bonilla as president.

## BIG CROWD SEES BLAISDELL'S WORK AT WILDER'S BUSINESS COLLEGE

The exhibition given by H. O. Blaisdell, the Champion Typist of the World, at Wilder's Business College, was attended by a large crowd of interested spectators. The young man demonstrated his skill by many remarkable feats of speed and accuracy. During the exhibition he attained a speed of 153 words in one minute from unfamiliar matter, and writing from dictation he wrote at the rate of 125 words per minute. The remarkable feature of these two tests was that they were typed from error. To demonstrate how quickly the paper can be changed in the machine, he wrote 223 words in one minute on a memorized sentence, changing the paper once. Mr. Blaisdell uses the Underwood typewriter exclusively, and states that he believes this machine to be the best on the market both for speed and durability. He uses the touch system, exclusively, the same as taught in Wilder's Business College.

## WATFERTON GFTS LAST WORD

Reiterates Statement That Gov. Wilson Dare Not Face Facts—Letter Refuses to Answer

COLUMBIA, S. C., Jan. 31. Col. Henry Watferton, en route to his winter home in Florida, issued the following statement this afternoon on the Wilson-Harvey-Watferton controversy.

"Touching the Harvey-Wilson letters, given out yesterday, I have to say that from first to last I have been acting only with Colonel Harvey's full knowledge and approval, but upon his insistence; that from the beginning, he was most impatient of delay, sending a personal representative to me at Atlanta, the 24th of December, to again the same representative to Richmond, the 21st of December, urging me to take the initiative; that he was unqualified in indorsing my statement of the Manhattan club incident, writing forthwith to declare it 'perfect,' and he was with me at the New Willard in Washington, up to last Sunday night, sharing all I did and had done."

"The refusal of Governor Wilson to submit an issue of veracity recommended by himself to a tribunal having due regard for the rights of his parties, which I proposed, should, and I think will, be regarded by fair-minded people as a confession that he dare not face the facts."

"As to those Democrats who have made a hero of Wilson because of his hawk with the eagle's talons, I square themselves with the eternal verities now that they learn that Wilson and Harvey are weeping upon one another's bosom."

NEW YORK, Jan. 31.—The latest statement of Colonel Watferton, in the Wilson-Harvey-Watferton controversy, reiterating that Governor Wilson "dare not face the facts," was read over the telephone to Mrs. Wilson, at her Princeton, N. J., home, tonight.

Mrs. Wilson insisted upon hearing the substance of the Watferton statement. She reported it to the governor, at dinner, and sent back word that he positively had no answer to make.

## DETECTIVE BURN'S IS "INSULTED" BY ATTORNEY

WASHINGTON, Jan. 31.—An attempt to impeach the testimony of Charles McGowan, a Hines-Lorimer witness, who testified he did not hear W. C. Wells make a statement about a \$100,000 Lorimer fund, today resulted in a stormy session of the senate committee investigating the election of Senator Lorimer of Illinois.

Detective William J. Burns was on the stand. It had been planned for him to lay the groundwork for his detectives to present "proof" of McGowan's having "perjured" himself. After a sharp clash, Detective A. C. Bailey produced a letter, alleged to have been written by McGowan to Bailey, and which, Burns said, was part of the evidence which had convinced him that McGowan had not told the truth when before the committee. The other parties were "admissions" McGowan was alleged to have made in Toronto to detectives and which were taken down by a stenographer.

The letter was dated "November 19 '11, Elora, Canada." After telling "My Dear Harry" of daily affairs, the writer said he had been asked by the Hines brothers to go to Toronto and in response he had told them to come to Elora. "By God, they would have been shown what forced hospitality was," the letter continued. "The old spot would have been loaded with Peters No. 2. I made them come across. At that, not all that I expected to. I had to threaten them with all kinds of exposure."

Burns retorts "Insults." McGowan sat in the room behind Hines as the letter was read.

Burns testified he made a trip to Canada "to get McGowan to come to Washington to purge himself." McGowan's father asked Burns if he was "the great detective."

Later, Attorney Haneey spoke of "Burns the great detective." The witness flew into a rage.

"If the committee does not stop his insults, I will," declared Burns. Senator Lee agreed that Haneey was insulting the witness.

Senator Fletcher added to the tension by asserting, Haneey was perfectly justified.

Senator Lee said the attorney was trying to make fun of the witness, but the attorney did not John Callan O'Loughlin of the Chicago Tribune, by referring to him as "ex-assistant secretary of the treasurer."

With Senators Lee and Fletcher at odds, Chairman Dillingham turned to Senator Kern for assistance.

"What do you think about it?" asked Senator Dillingham.

"Of what?" queried Senator Kern, opening his eyes.

The laughter which followed restored peace and Mr. Haneey proceeded.

## TRUST LAW WILL NOT BE REPEALED, SAYS PRESIDENT

AKRON, O., Jan. 31.—President Taft brought his three-day trip through northern and central Ohio to an end, here tonight, with a reception and dinner given in his honor by the Akron chamber of commerce.

The president spoke of the tariff board at the dinner and gave his reasons for wishing its continued existence, threatened, he said, by a Democratic house of representatives for the first time in the memory of members of his party.

In leading up to a discussion of the tariff board, the president spoke of the relations of the federal government to business. He made it clear that his administration intends to enforce the antitrust law, but said he favored the enactment of a federal incorporation act to enable great corporations to operate under the "shield of national charter."

"But, said the president, whether we have a national incorporation law or not, we have an antitrust law on the statute books. That law is not going to be repealed."

The president said his hearers had doubtless heard 25 lectures with 25 different laws to replace the Sherman act, "all different, and none better than that law. Probably the best thing to do," said Mr. Taft, "is to take this law that has stood the test for more than 20 years, and do our best with it."

The president concluded with an endorsement of the plan for currency reform proposed by the national monetary commission, and with a plea for the arbitration treaties.

Leaving Akron late tonight, the president is due in Pittsburgh early tomorrow, and should reach Washington late tomorrow afternoon. Mr. Taft came to Akron from Columbus, in his private car. The president appeared on the rear platform of his car at Westerville, Gambler, Galena, Danville, Orrville and a few other stops. Crowds came to the stations to greet him, and their greetings were friendly, although much of the trip was through territory that went Democratic at the congressional election in 1910.

## TALK OF INDEPENDENT WOODMEN ORGANIZATION

MINNEAPOLIS, Minn., Jan. 31.—Minnesota "Insurgent" members of the Modern Woodmen of America at a meeting here today called for a national convention to be held here February 22 for the purpose of combating the "mobile bill" which was adopted at the convention in Chicago a short time ago and which it is claimed raised the rates on insurance from 50 to 100 per cent.

Invitations are to be sent to Woodmen organizations in all parts of the country. According to the plans they are to revise the mobile bill and if this is not successful to ask for restraining orders in the courts or to form an independent Woodmen organization.

## WELL-KNOWN HALIFAX BUSINESS MAN DEAD

HALIFAX, N. S., Jan. 31.—B. F. Pearson, proprietor of the Halifax Chronicle, and widely known as an organizer of industrial and traction concerns, died tonight of kidney disease at his home here.

Among his industrial achievements was his promotion of the Dominion Coal company and the organization of the Dominion Steel company, which was later of the incorporation, with H. M. Whitney of Boston, and others of the Dominion Steel company.

## Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a spoonful every one, two or three hours. The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just a laxative enough to be helpful in a cough and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup. This recipe for making cough remedy with Pinex and Sugar Syrup (or Rich Pinex and Sugar Syrup) is a favorite in thousands of homes in the United States and Canada. The plan has been limited, though never successfully. If you try it, use only a genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and all the natural and all the natural healing pine elements. Other preparations will not work in this recipe. A quantity of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will ask it for you. The Pinex Co., St. Wayne, Ind.

## Ask Your Doctor

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this. Trust him, fully, and always do as he says.

**CONNORS SEEKS CLEMENCY**

Alleged Dynamitor Tries to Obtain Stipulation for Immunity Because of Grand Jury Testimony

**LOS ANGELES, Cal., Jan. 31.**—Bert Connors, on trial for an alleged attempt to dynamite the county hall of records, took the stand in his own behalf today. His testimony consisted principally of denials of the damaging evidence gathered by Mansell Parks and Joseph Bishop, union ironworkers, hired by the district attorney to obtain evidence of an alleged dynamiting conspiracy.

**COURT TO APPROVE FORM OF WABASH CERTIFICATES TODAY**

ST. LOUIS, Jan. 31.—The form of certificates by which the receivers of the Wabash railroad, representing the bankruptcy and bondholders in foreclosure suits, will borrow \$10,000,000, will be approved by Federal Judge Adams tomorrow. It was also decided at an informal meeting late today that bids for the loan will be opened tomorrow.

**DR. MURPHY SAYS**

An article of merchandise without a trade mark, is like a mule without pride of ancestry or hope of posterity.

And an improperly fitted pair of glasses is like a lost diamond—a never ending source of vexation. Men! Get the kind that fit—glasses I mean. Mine are guaranteed. 45 Buena Vista.

**MINER FATALLY INJURED**

Frank Miller of Gripple Creek Struck by Rock From Waste Bucket and Right Side Crushed.

Special to The Gazette.  
GRIPPLE CREEK, Jan. 31.—Frank Miller, 27 years old, employed by Charles Crowder and others in sinking a shaft on the Regus Savage mine on Beacon hill, was injured, probably fatally, this morning, when a rock which fell from the waste bucket struck him. The force of the blow crushed Miller's right side and it was reported at the Sisters hospital tonight that his condition is critical.

**WRECK OF MAINE WILL BE SUNK ABOUT MARCH 1**

WASHINGTON, Jan. 31.—General Bixby, chief of engineers of the army, today announced that the wreck of the battleship Maine will be floated out of Havana harbor by March 1 and sunk in the deep waters of the Gulf of Mexico, a few miles off the north coast of Cuba.

In fact, General Bixby says, about a third of the ship will be left above water, the rest having been dumped into the sea without attracting attention. The metal was cut up by an oxy-acetylene jet into half-ton fragments which were placed in scows and deposited about a mile off shore.

This work is about completed and it is expected that within a week or 10 days only the afterpart of the ship, which it is proposed to float away intact, will remain in the cofferdam.

Some trouble may be experienced in floating the wreck. A bulkhead closes the great opening where the bow was cut off and the hull will be water tight but it is feared that the wreck may be held fast in the mud at the bottom of the harbor in which it has been embedded for 13 years. In that case powerful water jets will be required to work under the hull and loosen it.

The after turret of the ship has been hoisted from the deck and is ready for transfer to the shore. It has been given to the city of Havana and is to be erected as a monument in a public park.

One of the masts is now at Governors Island and the other is aboard the national cemetery at Arlington, where it will be placed over the graves of the victims of the Maine.

**Old-Time Remedy Darkens the Hair**

GIVES COLOR, LUSTRE TO FADED AND GRAY HAIR. DANDRUFF QUICKLY REMOVED.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Special Agents, The Colorado Springs Drug Co., 101 South Tejon.

**BEAUTIFUL, LUSTROUS, HEAVY HAIR AND NO DANDRUFF OR ITCHY SCALP**

Get a 25-cent Bottle of Danderine and Just Try This—Stops Falling Hair at Once.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die, then the hair falls out fast.

A little Danderine tonight—now—any time—will surely save your hair. Ten minutes after applying all the dandruff will disappear, all itching will cease and there will be no more falling hair. Millions of men and women use Knowlton's Danderine and they never have dandruff, itchy scalp or falling hair—they know that it keeps the scalp clean and healthy and makes the hair grow heavy, long and beautiful.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy, and have the appearance of abundance; an incomparable close and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

The N. P. Coburn library, one of the 13 buildings on the campus which will be open to guests on college day next Saturday, is the result of a special gift of \$50,000 on the part of a boyhood friend of President Eliot. Twenty-three years ago the library numbered only a few hundred volumes and occupied one of the wings of Cutler hall. Today it has 50,000 well selected volumes and 30,000 available pamphlets, making a collection of 100,000 in all. It is under the administration of Mr. J. D. Ormes, assisted by Miss Eva Cannon, Miss Elizabeth Martin and students. It is admitted to be the best working library in the state and one of the best college libraries in the west.

**Cripple Creek Mines Produced \$1,214,221 in Ore in January**

Special to The Gazette.

GRIPPLE CREEK, Jan. 31.—The January output of ore from the Cripple Creek district totaled 192 tons, with a gross value of \$1,214,221. An average value per ton of \$17.11. A feature of the statement for the first month of the new year is the fact that the tonnage treated at the Golden Cycle mill was the heaviest in the company's history and establishes a new record for Colorado milling plants. Another fact regarding the report is that the U. S. R. & C. plant is not named, this being the first time in about 20 years that this plant failed to be listed. The omission is due to the U. S. R. & C. turning all of its contracts over to the Golden Cycle company.

A new plant appears in the list. This is the Coburn mill or the Ajax company, and the output shows it to be a success.

A light tonnage is reported from the Stratton Independence, and this is due to the property being closed down for about one-half the month on account of the water supply freezing.

Following are the figures of output from the mills and smelters:

Smelters	Tons	Average Value	Gross
Portland	30,000	20.00	610,000
Portland (at mill)	10,000	22.00	220,000
Stratton Independence	12,000	2.97	35,910
Ajax (Coburn mill)	6,226	3.06	18,957
Wild Horse	3,000	3.50	10,500
Jo Dandy	1,000	5.00	5,000
Totals	120,000	2.60	3,120

**DYNAMITE UNACCOUNTED FOR DARROW WILL SEEK DELAY**

Detectives Report That Not All the Explosives Purchased by McNamara Have Been Found

INDIANAPOLIS, Jan. 31.—Through evidence given by Patrick Boyle of Kansas City, a watchman, in the investigation of the dynamite conspiracy by the federal grand jury today, it is said the government obtained information about stores of explosives hidden by McNamara's "dynamiting crew" which never have been found.

Boyle told about an explosion in Kansas City in August, 1910, and of recently finding nitroglycerine at a spot described by Orin McManis, the confessed dynamiter. The government officials believe that many other stores of explosives which McManis knew about may yet be found. Detectives recently have reported that not all the dynamite and nitroglycerine purchased by McNamara had been accounted for.

**MILLIONS OF BUSHEL OF WHEAT TIED UP IN CANADA**

WINNIPEG, Man., Jan. 31.—According to official estimates made here, 51,000,000 bushels of wheat still remain in the western part of Canada ready for shipment.

**CREATES NEW DIOCESE**

**Colorado City DEPARTMENT**

**TREES ON OLD DUMPS PREVENT DUST STORMS**

The problem of how to do away with the dust from the old tailings dumps from the Colorado City mills and the old Standard settlers has been solved by residents of the south side. For years the wind has taken the fine tailings from the dumps and blown them all over the city; and when the wind is strong, the dust reaches Colorado Springs. It has been discovered that trees of several different varieties will grow on the old dumps of fine rock and put an end to the dust nuisance, which has considerably reduced the value of property in this city. Last year a number of the citizens, including C. A. Sheets, former mayor, and manager of the Standard mill, set out a number of cottonwood and other young trees. In the hope that they would attain growth and prevent the dust storms. The trees have done well, and the blowing of the tailings is a thing of the past where they have been set out.

Mr. Sheets is willing that all the ground now covered by the tailings be planted, and is ready to assist the city in the work. There can be no appropriation made for it, said Mayor Hamble, yesterday, since the land is out of the city limits.

The dust from these old settlers has caused a good number of people to move away from the south side, and has taken away much of the attractiveness of Botts park.

**ALLEN GOES EAST**

Allen Allen left last night for Washington, where he will present the claim of this city for a common point freight rate before the interstate commerce commission. He will act as the special agent of the business men here and will make every effort to attain his object. The funds to defray expenses in connection with the presentation of the claim are being raised by Byron Humes, Mayor Hamble and L. Feldman.

**COLORADO CITY NEWS NOTES.**

Move quicker, cheaper and better in Sherman's padded van.

Mr. and Mrs. Henry Wheaton of Rifle are the guests of Mr. and Mrs. C. A. Sheets.

A valuable lap robe was stolen from Dr. G. B. Gilmore's automobile, Tuesday evening.

T. N. Kurney, a former resident, is here from Denver for several days, looking after business interests.

The Ladies of the Informal Book club have postponed the meeting to have been held tonight till a later date.

Mrs. J. Meagher of 432 Colorado avenue, will entertain the ladies of the Catholic church at her home this afternoon.

G. W. Dick and family of Annawata county, Oklahoma, have located here and are occupying the residence at 135 Jefferson avenue.

The K. P. lodge held an enjoyable session in K. P. hall last night. There was work in the second degree and an informal banquet.

Mrs. J. W. Fleming of 208 Jackson avenue, who has been ill with an attack of paralysis at her home, is reported much better.

Ruth Gilmore, the young daughter of Dr. and Mrs. G. B. Gilmore, who has been ill with pneumonia for the last two weeks, is able to be up.

Bert Webb and W. J. Crooks have gone to Denver to purchase material for the manufacture of a fire kindler. They propose to operate a factory here.

Miss Margaret Noble, a former telephone girl here, was married, January 29, to M. T. Andrews, in Salt Lake City, where she has been living for the last year.

The basketball team of the Colorado City High school will meet the team from the Colorado School for the Deaf and Blind, tomorrow night, at 8:30 o'clock, in Colorado City.

Mr. and Mrs. William Franklin will entertain the Owls at their home this evening, in honor of Mr. and Mrs. M. Buehler, who will leave for their future home in Los Angeles in a few days.

The Woman's Home Missionary society will give its regular tea this afternoon at the home of Mrs. Stettler, 1335 Washington avenue, jointly with the M. E. Aid society. The public is invited to attend.

The steepest pig contest, which was to have taken place in Mack's hall, Tuesday night, was stopped by the police. It was thought that there might be trouble over the affair. The contest was advertised for a number of days.

The police report that they have found from experience that the idle men, commonly called vags, who frequent Colorado City are nearly always strangers here, and a large number of them are willing to work if they could get it to do. Many of them come here in the hope of getting work in the mill.

Because of his 25 years of active membership in Colorado City lodge No. 77, L. O. O. F., Chester Smith of 1222 Colorado avenue was presented with a handsome gold medal at the meeting of the order last night. He has been recording secretary for the last eight years, and has been prominent in the Colorado City lodge since its organization. The members enjoyed an informal banquet after the meeting.

THURSDAY, FEBRUARY 1, 1912.

PATENT MEDICINE SAMPLES

YESTERDAY a citizen living on South Tejon Street found in the mail box on the front porch of his residence an open envelope in which were three small envelopes, each of which contained several samples of chocolate-coated pills and tablets of medicine. On the outer envelope was printed in red ink the inscription "keep in your family medicine chest out of reach of children," which is a sufficient admission that the contents were too dangerous to be scattered about in this promiscuous fashion.

Examination of the medicine samples and the advertising matter accompanying them showed that the chocolate-coated tablets contained fifty-four grains of acetanilide to the ounce, or about one-half grain in each of the tablets. It is not difficult to guess what might happen to a child who, on finding one of these envelopes would take all four tablets at once, as it probably would do if it took any of them. One of the other envelopes contained kidney pills, an ingredient of which, as stated on the circular, is digitalis. The circular accompanying the "laxative wafers" advises the finder to "eat it like candy," and declares that it is "pleasant as a sugar disc" advice which a child is quite likely to accept without question.

The ordinance relating to the distribution of medicine samples is as follows:

No person shall distribute or cause to be distributed to or among pedestrians, or to throw or place on or cause to be thrown or placed into or upon any car, vehicle or other conveyance along or upon any public street or alley of this city, or to throw, place or leave, or cause to be thrown, placed or left into or upon any yard, porch or premises, any drug, physic or medicine of any kind, or sample thereof. Any person violating any of the provisions of this section shall be fined not less than \$10 nor more than \$100 for each offense.

Another clause of the ordinance prohibits the selling or peddling of medicines or drugs from house to house without first receiving a permit from the Health Department.

In the present case it appears that the distributor of the samples received a permit from the health officer, with the understanding that the packages would not be thrown in the yards or on porches or disposed of in any other way except by handing them in person to an adult. Of course the fact that one of them was found in an open mail box where anybody, child or adult, could get it, shows that in one instance at least the distributor did not keep his promise. How many other such cases there may be we do not know.

It seems to us that the law as above quoted is sufficient to prohibit this pernicious practice, but we are informed that in the opinion of the City Attorney and Police Judge it does not prohibit the distribution of samples of medicines provided they are actually left in the hands of an adult. If this is the case the Council ought to proceed at once to strengthen the ordinance. It may seem an innocent thing to permit distributors to leave such samples in the hands of an adult person who answers the door bell, but in actual practice there is every probability that the distributors would not be so careful and that many of the samples would be given to children who would take the advice to "eat them like candy."

Many cases have been reported throughout the country of serious illness, and sometimes death, following the promiscuous distribution of medicine samples. Of course such medicines contain an endless variety of deadly drugs, of which acetanilide is only one and the dangerous character of this one is recognized by the Pure Food and Drug law which requires that its presence in any compound be plainly stated on the label. Perhaps there is small probability of serious harm coming to adults from the distribution of medicine samples, but the well known tendency of children to "eat" samples of medicines which they find on the lawn or porch is sufficient reason for abolishing the custom.

RIDGWAY'S PROMOTION

THE appointment of Mr. A. C. Ridgway to be Second Vice President of the Rock Island System is of special interest to Colorado Springs people because of his former residence in this city and his long connection with various Colorado railroads. Mr. Ridgway succeeds the late F. O. Melcher, to whom he was assistant, and whose recent tragic death in a wreck on the Illinois Central is still fresh in the public mind.

One of the most interesting aspects of American railroading is the rise to the highest positions of men who have begun their careers at the very bottom rung of the ladder and reached the top entirely without the aid of any influence except that of sheer merit. W. C. Brown, President of the New York Central Lines, began life as a brakeman, and H. U. Mudge, President of the Rock Island, started as a section hand. Perhaps a dozen who are now at the top in the railroad world might be named in this list and Mr. Ridgway is one of them. His beginning was as humble as those of the others named, and most of his career has been spent in various positions in Colorado. When the Short Line to Cripple Creek was opened twelve years ago he became its General Manager, afterward taking a like position with the Moffat Road and then with the Rio Grande. Recently he entered the service of the Rock Island as Assistant to the Second Vice President, and now that he has succeeded to Mr. Melcher's place he will be in charge of the Operating Department of one of the greatest railroad systems in the country.

Nowadays when so much is heard of the influence of "pull" in every walk of life, business as well as political, it is refreshing to know that the ex-brakeman and ex-trackwalker are still occasionally landing the big jobs. Perhaps some of them have "pulls," too, after they get pretty well along in their careers, but it is safe to assume that they possessed more than average ability to start with or they never would have graduated from the section-hand class.

FROM THE DETROIT FREE PRESS.  
Colonel Roosevelt denies that he is in politics. Presumably that game he is playing in New York is solitary.

FROM THE NEW YORK TRIBUNE.  
If the improved method of administering anaesthetics without causing nausea can be brought into general use surgical science will have gained another notable triumph. It is good to live in these days, when the race is steadily cutting down the excess burden of suffering which uncounted generations had to endure.

FROM THE BALTIMORE SUN.  
If you are suffering in your bare room, with no coal or wood, scant clothing and the wild whistling through the house, if your little children cried for bread, and would not be quieted because you had none to give, if you were sick and cold and penniless, what would you think of those near by who revel in warmth and plenty, with the fire glowing in the table heated with good things, but who had no ear for the cry of the unfortunate?

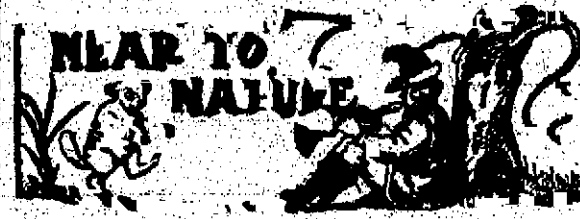

This is a terrible time for the poor. Handicaps are in bitter want, thousands have insufficient food and clothing and their small supplies of fuel are exhausted. Every charity organization has more calls for aid than can be met with the funds in hand. "He that giveth to the poor lendeth to the Lord." This is the time the poor appreciate help, when it means life or death to them. Checks, cash, food, clothing, fuel, medicines—all are needed, and at once. Charity begins at home, but it does not stop until it has relieved the suffering and comforted the distress of all within its range.

WOMEN AND CHURCHGOING.

REMARK the disposition of contemporary American families to regulate their churchgoing by the inclination of the ladies. I suppose it will soon happen that Cordelia and I will go to church when Cordelia feels it to be desirable, and that when she stays at home it will look more profitable to me to stay at home with her. Although that means that we will go regularly, it is not quite as it should be, any more than that I should go without my dinner when she has a failure of the appetite. But it seems apt to be so with contemporary Protestant people who get married. Even if the male has a previous habit of churchgoing, and overtone or preference in favor of it, he is apt to be carried in the whirl of that particular and to assume command of the family conscience. That is an item in the contemporary slump of the male in the business of directing the course of life. He tries to keep a hand of his own on politics, but in the concerns of religion easily falls into the practice of looking to the woman to make his decisions and remind him of his practices. Which is feeble of him, for, as between religion and politics, religion is decidedly the more important, for it shapes and inspires and regulates the whole of life, politics included, whereas politics is no more than a detail.

THE LARGEST SHIPS.

THE latest transatlantic Leviathan whose construction is announced is to be 1,000 feet in length—long enough to have a golf course of a sort, a tennis court, a cricket ground, as well as the ordinary adjunct of a gymnasium. What a sea-change is this from the cramped and ill-ventilated ship on which Charles Dickens—for example—came to America! Four thousand passengers can be not merely carried but accommodated on the new vessel. The displacement will be 70,000 tons, the ship will actually be a skyscraper of a dozen stories or more, and the cost will be \$10,000,000. The appellation, "The Gigantic," already bestowed upon it by the White Star line, seems deserved—but how long will the monster hold the supremacy in this day of imposing dimensions in everything, and frantic competition in it? The Essex, pride of the Cunard line, in 1884, was 350 feet long and made 18 knots. The Olympic is 500 feet in length, and makes 21 knots. In the decades that have intervened, each new "greyhound" or "Leviathan" or "dreadnaught," or whatever it was called, has been acclaimed as the latest word in naval architecture. Yet architects like Sir William Henry White hesitate to predict that the size-limit has been reached in war vessels or merchant ships. He told the Society of Naval Architects and Marine Engineers the other day, however, that the increased dimensions of the future will be chiefly significant as conducive to the comfort of the traveler, and "further increase in size will have little or no effect upon regularity of performance or service between terminal ports."

WHAT TROUBLE WE HAVE WITH OUR SERVANTS!

From the Cuba City Record-Herald.  
Mrs. Andrews' hired girl fell down stairs on Tuesday morning and was quite badly hurt, although no bones were broken.

A PENNINCIZED ROMANCE.

From the Decatur (Mich.) Republican.  
Mrs. Mary Conrad Jones and her son four years of age left Decatur on the early morning train November 16 for Tacoma, Washington, where she arrived the 20th. She was very cordially received by her friend Mr. C. B. Jolly, who took her and the son to a restaurant for a supper. She was then united in marriage to Mr. Jolly and left for a small town nearby.

HE FAILED TO CATCH THEM.

From the Oshkosh Northwestern.  
There has been considerable talk of late in the town of Vinland to the effect that 1 Recently Caught Len Tippler and Frank Morey in My Chicken Coop Taking My Chickens. I Wish to State That There is No Truth in This Report, as I Did Not Catch Either of Them in the Place Named, and if Blame of Them has Ever Been on My Premises for the Purpose Stated, I Am Not Aware of It.—P. A. Kresse.

The water wagon goes its way with creakings long and loud. When it set forth on New Year day it held a merry crowd that filled the air with laughter and song, with pledge and noble vow: where is that gay and gladsome throng?

THE WATER WAGON. Where are those heroes now? One passenger sought left his seat, hard by the bumper, and said: "No, I couldn't stand the heat, although the day was chill. And one, who started brave and bold, a youth of princely form, said that he couldn't stand the cold, although the day was warm. And one, a man of sterling worth, got down, abroad to roam; he had to celebrate a birth that happened at his home, and one announced with bated breath he'd have to quit the cart, he'd heard about the sudden death of his step-mother Mart. So, one by one and day by day, they sought excuse and fled, and on its lonesome, weary way the water wagon sped."

Copyright, 1910, by Quaker Mission.

A sentence uttered by a woman who has made a great success as an interior decorator has impressed me much. It was this: "We not only try to furnish with taste, but we try to fit the room to the person who is to occupy it, and make it a characteristic and desirable setting for the personality of the owner." How many rooms one enters, in which it is evident that no such effort to embody the individuality of the occupant in the furnishings of the rooms, has been made.

Little after touches, such as the presence of magazines or music, the lavish distribution of embroideries, the nature of the rows of books on the bookshelves, may suggest and depict to us, the character of the persons who inhabit the room, but in the actual furnishings themselves, there is frequently no relation to those persons. Mission was in style when this room was furnished, and so the room consists of so many pieces of mission. Circassian was all the rage when that couple got married, and therefore their slender purse had to be stretched to purchase a few inferior and inartistic pieces of the reigning wood.

The woman who blindly follows the dictates of fashion in gowning herself, with a complete indifference as to whether the particular style is becoming or not, is quite generally censured. I believe that the woman who furnishes her home, for it usually is the woman, who has the most time, the most interest, and hence the deciding voice in this matter—with like devotion to fashion and indifference to individuality, is equally at fault.

There are becoming rooms as well as becoming gowns. A successful living room in which the largest proportion of its inhabitant's waking time is apt to be spent, and the room where there is most opportunity for individuality. The furnishings of a dining room, a bedroom, a kitchen must be, to a certain extent, conventional, and must contain certain standard articles of furniture, but there are absolutely no particular appointments which have to appear in a living room.

Now, very few of us can afford to employ interior decorators, but we can all employ taste and individuality in furnishing our homes. We can choose the color of colors which are to prevail in our rooms with reference to ourselves. Everyone, I believe, has a color which peculiarly belongs to him.

Again, we can choose the style of furnishings just as carefully. Don't subscribe to mission just because mission is the rage. Mission is just as unbefitting to certain people as tailored shirtwaists and stiff collars. Don't get caught in the snare of mahogany is expensive. The mahogany just because coloring of golden oak might be thought more beautiful than mahogany, if it had chance to be more costly. Don't buy an oblong table and a daynopen just because these are the style. If in your heart you really like a round table and a couch better. Remember, that styles will come and styles will go during the years you will probably live with that furniture.

Don't stock up with old-fashioned furniture just because you know that is considered artistic. There are people to whom old-fashioned furniture naturally belongs, and people to whom it does not, just as there are girls who look charming in quaint flowered muslin and tulle, and other old-time styles, and other girls on whom such styles look incongruous and irrelevant.

Don't try to get everything at once and lower your standard of quality in order to encompass quantity. Have the essentials just as you want them, and be willing to wait for the fill-ins. Far better that your home should be a bit bare at first than that it should be well stocked with cheap and meaningless furniture.

Don't try to furnish a home in a week, a month, or a year. Home building I don't mean house building—should be the dream and labor of a lifetime. I wish our girls might be taught the technique of home furnishing in the public schools and from then on might each plan and dream about her home until the time to make the dream a reality should come.

Some of the homes, of course, would never materialize. But think of the benefit accruing to those which really did come true. And surely a beautiful dream can ever be a loss even if the reality never follows the dream.

The Great Conflict

A Half Century Ago Today

FEBRUARY 1, 1862

Mr. Dole, commissioner of Indian affairs for the Federal government, met the chiefs of several tribes in conference at Leavenworth, Kan. The chiefs most prominent at the interview were Opothessah of the Creeks, Alkustenuck of the Seminoles and several representatives of the Iowa tribes. Mr. Dole assured the Indians that the government had no intention of calling on them for help in fighting the southern states, but told them that an expedition would be sent into the Indian Territory to punish certain tribes that had proved false to their allegiance and instigated by southerners, had attacked loyal Indians and driven them from their homes.

The name of Wolfe county, Kentucky was changed to Zollicoffer by the provisional government that had been set up in the state by citizens of southern sympathies. "The county of Zollicoffer will perpetuate on the records of Kentucky the name of one whose fame belongs to struggling freedom everywhere," said the Louisville Nashville Courier.

A company of the Second cavalry, Fifty-first Indiana volunteers, commanded by Capt. J. R. Presdee, was involved in a skirmish with a band of Confederates near Bowling Green, on the Green river, Kentucky. The fight was drawn, the Confederates were reported to have lost two killed and three wounded.

The Spanish steamer Duero arrived at Liverpool, England, from Cadiz, bringing as passengers the captains of three American vessels that had been taken by the Confederate privateer Sumpter.

The value of the Confederate dollar had fallen to 60 cents on the first of February. (Copyright, 1912, by W. G. Chapman.)

There is no better medicine made for colds than Chamberlain's Cough Remedy. It acts on nature's plan, relieves the lungs, opens the secretions, aids expectoration, and restores the system to a healthy condition. For sale by all dealers.

EFFECTS OF CONVICTED POSTAL CLERK ARE SOLD

CHEYENNE, Wyo., Jan. 31.—Sam Bergman, a local pawnbroker, purchased from George W. Hoyt, postmaster, a miscellaneous collection of 224 watches, for \$1,000 cash. They are a part of the collection of bicycles, motorcycles, jewelry, vacuum cleaners, typewriters, lawn mowers, baby carriages, etc., found at the home of Joseph Klingham, assistant postmaster, who, while in charge of the money order department of the Cheyenne postoffice, embezzled \$25,000, and is in the Leavenworth federal prison on a five-year sentence. Klingham paid Bergman \$6,000 for the watches.

MOTHER AND DAUGHTER HELD AS SHOPLIFTERS

GREELEY, Colo., Jan. 31.—Each trying to lay the blame on the other, Mrs. Evelyn Wamsley and Mrs. William Gillespie, mother and daughter, the mother is being charged with shoplifting during a fire sale. The daughter maintained innocence, although she wore a pair of high-heeled slippers with the store tag on them and carried her old shoes in her hand. Much of the loot was found on them.

THIS IS CERTAIN

The Proof That Colorado Springs Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home indorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test. Mr. C. W. Brewer, 310 S. Institute St., Colorado Springs, Colo., says: "I still continue to indorse Doan's Kidney Pills. They made a permanent cure and I shall always be pleased to tell of their merits. When we were living in Marceline, Mo., Doan's Kidney Pills were first used in our home. They were taken for an attack of kidney trouble that doctors had failed to relieve and they brought splendid results."

For sale by all dealers. Price 60 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember, the name—Doan's—and take no other.

THIRTY YEARS AGO TODAY

FEBRUARY 1, 1882.

Twelve electric lights were added to those hitherto in use in Denver. At that time arc lights were the only kind in use.

The weather in the Colorado mountains was said to be unusually fine during the present season, while that in northern New Mexico was unusually severe.

Work on the new hotel, the first Antlers, was suspended and it was expected that it would not be resumed until spring.

A number of new telephones were being installed in different parts of the city.

Newcomer's new planning mill on the ground south of Huerfano street and west of Cascade avenue was nearly finished.

TWENTY YEARS AGO TODAY

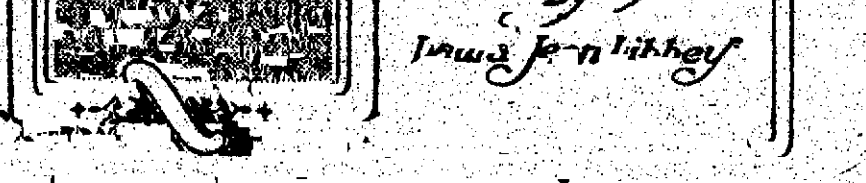

FEBRUARY 1, 1892.

H. Coltrane, J. E. Hundley, J. W. Atkinson, E. W. Sells and Percy Hagerman—incorporated—the Florissant Land & Development company for the improvement of the town of Florissant.

The city council met and transacted routine business.

Justice Farrar fined C. J. Crawford \$1 and costs for stealing a bottle of whisky from a local drug store.

Manager Barnett of the Antlers was preparing an attractive souvenir book containing views of the hotel and of the scenery around Colorado Springs.

Her Humdrum Life

(Copyrighted, 1912, by Laura Jean Libbey.)

There are some girls who think that it is their surroundings which makes a happy life or makes one. This may be so to a certain extent, but the girl who would be the architect of her own fortunes does not let her surroundings hamper her ambition. There are some girls who will settle down to a humdrum life and make no effort to get out of it. Then, again, there are others who will bend every effort to bring about a change that will let in sunshine and expectation. Life is desolate, indeed, when there is nothing to look forward to, no star of hope gleaming through the dismal, distant gloom.

The girl who finds herself entering a humdrum life cannot begin to soon to break from the web of monotony which is weaving itself slowly and surely about her. There is nothing so ruinous to happiness as that of living a shut-in life if one has youth and strength.

If a girl finds her existence commencing to grow irksome she should force herself, even against her inclination, to go out amongst people. She should spend an hour or so each evening at the home of friends or at gatherings, concerts, fairs, that her purse can afford. She is sure that she will not meet a life partner in the four walls of home, where she is shut in. But she cannot be sure that she will not meet a congenial companion nearer and dearer than all others, in the gay, happy world outside if she mingles with people.

The girl who labors for her daily bread will declare that she has no time to go. She must take time to improve it while she can—or she may have a sad reckoning with grim, relentless time later on. No matter how many duties stare a girl in the face of an evening, she is wise to drop everything at least for one evening in a week and devote her time to pleasure.

The life given up to work day in and day out, is like an eternal night, with neither moon nor star to brighten it. Monotony is the mold of life; the rust which corrodes contentment, the factor which stirs up the world's unhappiness.

ANSWERS

FROM Y. M. C. A. MEMBER.

"Dear Miss Libbey: A great many have written to you in regard to a money club plan, and I take this opportunity to write a few words. The Y. M. C. A. and Y. W. C. A. are considered as the best place for young men and women. I will say from what I know, being a member of the Y. M. C. A., that it is not what people think of it. I have roomed and am rooming in one of their dormitories and can do as homesome as anything can be. It is true you have good fellows about you, but the place is fast turning into a commercial enterprise and not like it was intended as a home. I am a civil engineer and have traveled all through the west and have found the conditions the same everywhere."

"About six years ago I was the leader of a young people's society in a good church in the largest city of the northwest. There were about 100 members and we had an excellent

room, library and the social rooms of the church to our use. The pastor about that time did his best to bring his daughter and me together, but I felt that she was not the one I wanted. I left for the west. Not long after, little by little the society broke up. We had had good times, socials of all kinds, picnics, and everything of good fun, and all had a good time. I have longed for just that kind of time again.

"If there can anything be done here to start just such a club to bring together men and women in the right way for good times, I would be glad to be with and make such suggestions about it that I have found from former experience to help along."

"A LOOK OF HIS HAIR."

"Dear Miss Libbey: For the last two or three years I have been receiving some little attention from a young man in our town and have learned to care a great deal for him, but cannot say as to whether my affection is returned. He calls upon me quite often in a friendly way and we have spent many enjoyable evenings together. This young man is blessed with an abundance of beautiful hair, which is greatly admired by all of his friends. Do you think it would be all right for me to ask this young man for a lock of his hair, as I would greatly appreciate the same?"

"PHANC."

No, certainly not. You are silly. What do you want it for? Anyway, he may not be able to spare it.

SAYS HE'S NOT WORTHY.

"Dear Miss Libbey: A young man whose parents and mine are old friends, visited my home last summer. He is an exceptionally fine moral character, does not care for girls, is a close student, attends university and law school. We were thrown together a little and fell in love with each other. I am a student also, and do not go out much. We are both 24 years old. We agreed to become engaged for three years, until he would get a start in his profession. My parents are strict, and questioned him as to whether he was really in earnest or just infatuated. He positively declared to them that he knew what he was doing and intended to marry me as soon as he was in a position to do so. His parents, however, objected very much to the match. His father, having higher ideas for his son's marriage, money, no doubt, being his object. As we are poor. When he went home he wrote me a beautiful love letter, but when we next met he told me he was not worthy of the love I gave him, and that if he were to marry me he was afraid he could not love me as much as he ought. I visit his home as I like his mother. Do you think he is worthy of my affection, or that he is strong-minded enough to love as I think just as much of him as ever, but he is so completely under his father's influence that I fear he has forgotten all his vows of love."

"DISAPPOINTED."

If he is going to forget his vows of love it is much better that he forget them before he is married. He strikes me as being rather a vacillating disposition.

**Co-eds Given Chance to Show Dramatic Talent; Campus Cafe Planned**

For the first time in the history of Colorado college, there is a favorable sentiment among the faculty members toward co-educational dramatics. According to a report given out last night at a meeting of students and faculty at Bemis hall to discuss college problems.

For the last several years the students have been trying to arrange with the faculty to give plays in which the parts are taken by both men and women. There will be a set of rules drawn up in the near future under which this may be done. It will mean that a great many of the plays which never have been attempted here will be given in the future by members of the literary societies and other organizations.

It is probable that a dramatic club will be organized under faculty direction, which will include both sexes. The girls now have an organization which includes all of the young women in the college.

There is a tentative plan to establish a cooperative store to be run by the students on the campus and under the general supervision of the college. A stock sufficient to meet the general needs of the students will be carried. It is said, including books and stationery. A committee will be appointed to make the final report and it will be voted on by the student body. It will be in no sense a private enterprise and the store will not be run for profit.

It was also proposed at the meeting last night to establish a restaurant in connection.

**FOR SALE—AUTO DELIVERY WAGON, 25-H. P., \$350; ATB COOLED, GOOD CONDITION. HAS STR. IRON WORKS CO.**

**NEEDY MEN MAY BE HIRED BY COUNTY**

The county commissioners may have the work on the Canon City road done by needy men of the county instead of by convicts. The latter may be retained until March 1, but there is a possibility that the change will be made sooner.

"It will cost more," said Commissioner Hutchinson yesterday, "than if we employ the convict labor, but it will be cheaper than to feed the needy men and pay for the work of the convicts. There are many men who want work and not charity."

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it, as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

**CITY NOT AFTER NEXT CONSERVATION CONGRESS**

At a meeting of the board of directors of the Chamber of Commerce at the Antlers hotel yesterday, it was decided not to extend an invitation to the National Conservation congress to meet in this city this year. The directors decided that the required cash guarantee, between \$5,000 and \$10,000, was too large for the Chamber of Commerce to try to raise for this gathering. The congress met in Kansas City last year.

The new by-laws were ordered published in pamphlet form.

**SONS OF REVOLUTION WILL MEET FRIDAY**

An informal meeting of the local chapter of the Sons of Revolution will be held in the Chamber of Commerce rooms tomorrow night at 8 o'clock. All of the officers of the state society and the officers of the Denver chapter, about 12 in number, will be in attendance and a good time is promised for all. Everybody eligible to membership in the society is invited to attend the meeting.

Every man's wife can make better coffee with **MOREYS Solitaire** COFFEE.

The best the grocer can deliver.

**BOOSTERS TO MEET HERE FEBRUARY 10**

**Business Organizations of Colorado Will Be Merged to Advertise State**

A permanent organization for the purpose of promoting a statewide tourist publicity campaign, in which all sections of Colorado will be united, will be formed at a meeting of hotel men, representatives of commercial and civic bodies and railroad men from all parts of the state, to be held at the Antlers hotel, Saturday, February 10.

The object of the new organization will be to concentrate under one central body all of the publicity organizations of the state in order that the publicity work in Colorado may be carried on more effectively. The permanent organization will consist of representatives of all the commercial bodies, auto clubs, press clubs, hotel men's associations, real estate exchanges, and civic bodies in the state.

The meeting at the Antlers a week from Saturday will be held in the afternoon and during the evening. Manager W. S. Dunning will serve a banquet and provide a program for the guests.

This movement is an outgrowth of work done by the Rocky Mountain Hotel Men's association. Railroad support has been sought and contributions promised, even the transmissorial roads contributing. The plan of a permanent organization has been discussed at length, and the only fault that can be found with it is that it was not thought of several years ago.

E. E. Nichols of the Cliff house in Manitou and W. S. Dunning of the Antlers hotel in this city, were the Pike's Peak region representatives at a meeting of hotel men in Denver, Tuesday night, at which time it was decided to effect a permanent organization.

**COUNCIL WILL SPEND \$2,000 FOR CONCERTS, BUT BARS BELLSTEDT**

The Midland band will play at the public concerts this summer but Herman Bellstedt will not be the director. Commissioner Whitaker was authorized to negotiate a contract with the band for the summer in behalf of the city at yesterday's council meeting. Members of the council entered a protest against Bellstedt, saying that he was not popular. The city will pay \$2,000 a year for the band, according to the contract.

The council granted a permit to Alex Patterson, whose application for a license to weigh at the Patterson mine had been held up under protest. Patterson's license comes in under the new scales and weight ordinance. Daniel McMillan, who was fined \$10 a day for violating the ordinance, asked that his fine be remitted, but the council refused to interfere with the sentence of the court.

Commissioner Lawton was authorized to trade a term belonging to the street department in exchange for another term and at an expense to the city of \$250. Commissioner Lawton will also spend \$700 for the city in buying a sprinkler, two wagons and a dump box, and will negotiate a contract with Richard Weber to decorate the interior of the city hall at an expense of \$262.50.

Reading was given on the ordinance to open Corona street between Buena Ventura and Columbia streets.

**Deaths and Funerals**

Mrs. Emma Shawalter of 216 North Weber street, and a resident of this city for the last 20 years, died at Bethel hospital yesterday morning after an illness of four months. Funeral services will be held from the residence Sunday afternoon at 2 o'clock. She is survived by a son and three daughters—William Shawalter of Black Pine, Ida, Mrs. Grace Knapp of Longmont, Colo., Mrs. Jesse Trease of Black Pine, and Florence Ramsey of this city.

**News of Local Courts**

Arguments in the induction suit brought against the city by Mrs. Prudence E. Zolbert to prevent street paving will be closed today. Judge J. W. Shearer of the district court is hearing the case. W. H. Kinsey closed his arguments in behalf of Mrs. Zolbert last evening, and C. L. McKesson, city attorney, who argued for a day and a half on the case, will close his statements today.

Robert Day was taken to the state reformatory yesterday to serve an indefinite term on a charge of burglary. He was found guilty a few days ago.

As a quick money getter the county authorities say that George Connors is in the front row. He left the county jail Monday noon with only a few pennies in his pockets. At 5 o'clock he returned and gave some of his fellow prisoners some cigars and tobacco. In addition he had just obtained a shave, haircut and some new clothes and in his pockets were several dollars. The authorities are wondering how he got the money.

Juries in the district court are pondering over the charges against J. R. Renner and W. Cromwell, the latter a negro. The former is charged with selling cocaine to a minor, and the latter is charged with obtaining money by raising a check. Renner is a former clerk for the Meritt Drug company. It is charged that he sold cocaine to George Scott, 19 years old. Cromwell obtained money on a check from a Colorado City grocer. He gave the check, it is said, in payment for a small grocery bill. Cromwell was arrested in Chicago and brought back for trial. The cases were given to juries yesterday. They could not reach an agreement last evening and were locked up for the night.

**SURE TO BREAK A SEVERE COLD**

**Will Overcome All Distress From a Bad Cold or the Grippe in Just a Few Hours**

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatic pains and other distressing ailments.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound, as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

**DECISION IN ELECTION CASE EXPECTED TODAY**

A decision by the state supreme court in the Colorado city election case is expected this morning, according to telephone advices from Denver last night. Attorneys for Colorado city are asking for a writ of superseas which, if granted, will prevent the decision of Judge Shearer becoming effective until a further hearing in the supreme court. Judge Shearer ruled that Colorado city was voted "dry" at the last election instead of remaining "wet."

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by all dealers.

**ARTISTIC WORKMANSHIP**

Get an estimate NOW from Richard Weber (graduate of Munich School of Decorative Art) on the painting or decorating of your residence. Best workmen, best work—interior or exterior—and all guaranteed. Phone 2602.

**METHODIST PASTORS TO PREACH SAME SERMON**

From the pulpit of every Methodist church next Sunday will be read the message of the fourth continental Methodist conference. All of the M. E. churches in this city will have special services. The Rev. Merle N. Smith, pastor of the First M. E. church, will read the message at the morning service and in the evening will speak on "The Greatest Churchman Since the Days of Paul, the Apostle." At St. Paul's church the message will be read in the morning and there will be a platform meeting in the evening.

The conference was held in Toronto, Can., October 4-11, 1911, and was attended by representatives of Methodism from all parts of the world. The history of the church and the life of its founder is taken up in the message, as well as the progress made during the year. The same sermon will be given by Methodist pastors all over the world next Sunday.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of 13 children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all dealers.

**CARD OF THANKS**

We wish to thank our many friends for their expressions of sympathy in our recent bereavement; also for the beautiful floral offerings.

MRS. J. M. HAVIS,  
MISS JESSIE MILLS.

**CLIFF HOUSE WILL BE OPENED MARCH 8**

Minor changes and improvements, which will cost approximately \$3,000, have been commenced at the Cliff house in Manitou preparatory to its opening on March 8. The sun parlor and the ladies parlor are being remodeled and the entire house is being renovated and will be ready for the opening next March. A large Raymond-Whitcomb touring party will open the hotel.

**Terrible Train of Troubles**

Lake Charles, La.—Mrs. E. Fournier, 518 Kirby street, says: "The month before I took Cardui, I could hardly walk. I had backache, headache, pain in my legs, chills, fainting spells, sick stomach, dragging feelings, and no patience or courage. Since taking Cardui, I have no more pains, can walk as far as I want to, and feel good all the time." Take Cardui and be benefited by the peculiar herb ingredients which have been found so efficient for womanly ills. Cardui will relieve that backache, headache, and all the misery from which you suffer, just as it has done for others. Try Cardui.

**World's Champion Typist a Wonder**

If you were told that a man could make 735 strokes on a typewriter in 60 seconds, an average of about 12.25 per second, probably you would not believe it. Yet this is one of the feats performed yesterday afternoon at The Gazette office by H. O. Blaisdell, champion typist of the world, in a series of interesting demonstrations.

Blaisdell holds the highest professional record ever made in competition.

H. O. BLAISDELL

Established in New York last October, when he wrote a total of 7,077 words in an hour, which after deducting at the usual rate of five words for every error, left him a net rate of 112 net words a minute. In 1910 Mr. Blaisdell won the International contest, writing for the hour 8,919 words, making 72 errors, which left him a net rate of 109 words per minute.

Writing a memorized sentence at The Gazette's editorial rooms yesterday, Blaisdell's net total was 230 words per minute; from "familiar" copy he wrote 140 words in 60 seconds, leaving unfamiliar copy from a magazine he wrote 117 words in a minute, and reading from a city ordinance his record for 60 seconds was 109 words. In taking dictation from a newspaper his average for a minute was 107 words.

Mr. Blaisdell, by reason of winning the world's championship in 1910 and 1911, has been awarded the International trophy, a solid silver cup, standing three feet high, and valued at \$1,000, and a gold medal. He attended a night school in Chicago a few years ago, taking a six-months' course in shorthand and touch typewriting, graduating at the age of 19. He entered his first speed and accuracy contest in 1906. In Chicago in 1908 he won the American championship, making the highest record in competition, up to that date, writing 88 net words a minute for 30 minutes.

**Societies and Clubs**

The Knights and Ladies of Security will meet in Robbins hall this evening. There will be initiation and other business of importance. The district deputies will be present to discuss the rates for the next three months' campaign.

The Women's Missionary society of the Boulder Street Presbyterian church will meet this afternoon at 3 o'clock, at the home of Mrs. M. A. Drake, Nob Hill. All members and friends cordially invited.

A special meeting of the Frances W. C. T. U. will be held this evening in the United Presbyterian church, corner of Nevada avenue and Huofano street. S. C. Hart, the superintendent of temperance and labor, will have charge of the meeting. A good program of special music has been prepared. Mrs. Carrie Geddliff, state representative of the department, will give an address on the "Local Situation of Temperance and Labor." And Mrs. Carrie S. Boyd, on "Lines Pertaining to State and Nation." An invitation is extended to all churches and W. C. T. U. organizations in the city.

**BROWN'S BRONCHIAL TROCHES**

**U. S. ROAD MAP PUTS COLORADO SPRINGS ON ONE OF THREE GREAT TRANSCONTINENTAL HIGHWAYS**

Colorado Springs is included in one of the three great transcontinental highways, according to a road map of the United States received yesterday by Secretary A. W. Henderson of the Chamber of Commerce.

The central transcontinental highway on this map, the one which touches Colorado Springs, follows the same general route through a part of the state that the Chamber of Commerce and other commercial bodies in the counties in the central part of Colorado are advocating. From the Kansas line it follows the Rock Island railroad to Limon and thence to this city. Here, however, it turns north to Denver and from there follows the road through the mountains. The central highway, goes from here up the pass and thence over to Grand Junction.

Although local prominent men in the good roads movement believe that the central route through Colorado is the best one, they are pleased to think that Colorado Springs has been placed on one of the three great highways, since one of the other roads runs in the northern part of the country and the third traverses the south, the central route probably will be the most used of the three. Then too, it is a well known fact among cartographers that Colorado is the most picturesque of the western states and for this reason, if no other, the central route will be extensively used. The map has been prepared by the National Highways association and shows 50,000 miles of main, trunk and link highways.

Leonard E. Curtis, president of the Colorado Springs Auto club, has received many replies to the letters sent recently to different commercial bodies in the counties along the line of the proposed central route, stating that all

## At The Theater

### "AROUND THE CLOCK"

Among the best attractions to be seen in this city this season is the latest laughing success, "Around the Clock," with new book and new music from the pen of Howard P. Webster, composer of "Mutt and Jeff," presented by the versatile Ritchie (London Comedy Company), an organization of comedians who are nothing if not up to date, and from all accounts they have surpassed themselves this season, both in their individual work and in the company that surrounds them. In

"Around the Clock," they have the advantage of an unusually good play, suited exactly to their style of hilarious humor and they do not let any of the opportunities of the comedy escape them. They are assisted by one of the strongest and largest musical organizations on the road, and will be seen at the Opera House Saturday, February 2, matinee and night. Seats now selling.

### SEATS READY FOR OPERA IN ENGLISH

An erroneous, although rather widespread impression is abroad in the land

## PARK COMMISSION HAS CASH BALANCE AT END OF YEAR; REPORT FILED

The park commission finished 1911 with a cash balance of more than \$1,000, according to the annual report made to the city council, yesterday. It is the commission's fourth report. C. N. Cox, assistant secretary of the commission, makes a detailed report, showing the work done on the parks during the year. The report is as follows:

To the President and Board of Park Commissioners, Colorado Springs, Colorado.

Attention: Very little construction work for the park department was done during the year, it being as follows: Garden of the Gods—The Grand View road was widened 20 feet and graded down five feet, the material being used for filling on the road on both sides of the hill. A new road was made from the pavilion around the south side of the Cathedral. A new road was made from the north end of the large red rock which forms the southern gateway to the gardens. A magnificent outlook is obtained from the terminal point of this trail. Another trail was constructed beginning at the spring at the south end of the large gray rocks leading up to the high elevation on the extreme end of the proposed sky line automobile road, at which point a fine view is obtained of the north and southwestern portions of the gardens. Several necessary ditches were made and set. A start was made in the planting of what is destined to be a magnificent garden, representing the native trees, shrubs and flowers, many native trees and evergreens being planted during the year. The cost of the construction work in the gardens was \$1,081.06.

North Cheyenne Canon and High Drive—The lumber was purchased for three new water closets and two were built to be placed in this canon, this work to be finished during 1912. A new shelter station for tourist sign was erected at Brain Jan. New steps were made to and a bridge across Helen Hunt falls, located just west of Brain Jan. A new lawn was made at the carriage stand at the entrance to the canon. A new addition was built to the caretaker's house, mostly second-hand lumber being used. Cost, \$322.58.

City Ground West of Stratton Park—Two new water closets were built to be placed near the driveway to South Cheyenne canon. These closets will be completed and put in place during the early part of 1912. Cost, \$28.80.

North Park—New cement sidewalks were laid on the north and south sides of this park. Cost, \$689.55.

Monument Valley Park—Ten bird tables were built in this park for the purpose of feeding the birds during the winter season. Cost, \$40.00. During December and January, effort was made to keep the lakes in Monument Valley Park from freezing, clearing ice of snow and scraping the ice, especially during the Christmas holiday season. As hundreds enjoyed the skating daily as long as the ice lasted, the commission feels amply justified in having given the time and expense for this object.

Total construction cost for the year was \$2,122.27.

Appended hereto will be found a financial statement for the year—January 1 to December 31, 1911.

Respectfully submitted,

C. N. COX, Assistant Secretary.

That only the Italian language, of all modern languages, is capable of a true union to the singing voice. For many years the English speaking nations have listened patiently to the beautiful tones of the opera song birds without even trying to understand a single word or phrase.

It would seem, however, that if Handel and Mendelssohn, who were Germans, chose to write their compositions in the English vernacular without the slightest loss to their magnificent melodies or any of their sublimity, grace or eloquence, that the works of the great French and Italian composers would suffer no appreciable loss through their being sung in English.

The true song in art and in the modern interpretation thereof is in the declaration of positive words, as evidenced and colored by the melodic phrases of the composer, and in such a manner that the thought of the poet is conveyed on the wings of the Mother Tongue to the ears of the intelligent listener.

This may and will be accomplished, and more this season than ever before, in musical history will the English speaking public hear the great operas (many for the first time), sung in their native tongue.

To Mr. Henry W. Savage, more than any other impresario in the world today, may be accorded praise for the bringing opera nearer and nearer to

### "THE FORTUNE HUNTER"

The Fortune Hunter, a bright, clean, American comedy, by Winchell Smith, will be the offering of Messrs. Cohan & Harris at the Opera House Monday, February 5.

It is breezily acted by an excellent company, headed by Fred Niblo, including Josephine Cohan, Frank Bacon, Phil Bishop, Frank Bowman,

## WOMAN DIZZY PARTLY NUMB

Doctors Did Her No Good Testifies How She Was Helped by Lydia E. Pinkham's Compound.

Zanesville, Ohio.—"Last fall I had female weakness very bad, and was nervous and run down. I was dizzy and had numb feelings and my eyes ached. I took doctor's medicines but they did me no good, so I decided to try Lydia E. Pinkham's Vegetable Compound. I did so, and now I feel stronger and better."

I have told other women what Mrs. Pinkham's medicines have done for me and give you permission to publish this letter for the good of others. — Mrs. HULDA ERICKSON, 606 Maysville Avenue, Zanesville, Ohio.

### More Proof.

Burlington, Iowa.—"For years I suffered a great deal from female troubles. I had awful pains and felt sick nearly all the time. I saw Lydia E. Pinkham's Vegetable Compound advertised and heard that it had helped other suffering women so I felt sure it would do me good. Sure enough it did. The first bottle helped me and now I am a strong and well woman. I would not be without it in the house." — Mrs. ANNA HIGGINS, 1125 Agency St., Burlington, Iowa.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

Lydia E. Pinkham's Compound is a purely vegetable preparation, and is the only medicine of its kind that is so effective. It is the only medicine that is so safe and so reliable. It is the only medicine that is so easy to take and so pleasant to use. It is the only medicine that is so cheap and so accessible. It is the only medicine that is so well known and so trusted. It is the only medicine that is so effective and so reliable. It is the only medicine that is so easy to take and so pleasant to use. It is the only medicine that is so cheap and so accessible. It is the only medicine that is so well known and so trusted. It is the only medicine that is so effective and so reliable. It is the only medicine that is so easy to take and so pleasant to use. ## THREE WRESTLING BOUNDS SCHEDULED

Three fast mat bouts are booked for tonight at Tommy Ryan's physical culture studio in Metz hall that promises to bring a big gathering of fans of the three cities. In one, Jimmie Black, local boxer and wrestler, will grapple with Young Michael. Frank Mirise, the packing house grapple, will mix with Ryan. Young Woods is scheduled for a go with an unknown.

## OVERLAND SCORES

On the Overland alleys, last night, the Brunswick bowlers took two games from the City Hall five. Here are the scores:

BRUNSWICK			
Moore	170	129	138
Nydegger	174	128	139
DeLunann	189	142	166
McClure	161	137	159
Murray	184	160	197
Totals	878	706	830

CITY HALL			
Austin	178	143	174
Kimmel	169	126	157
McKinnon	149	162	184
Gwillim	164	150	148
Steele	167	144	158
Totals	827	833	801

## HANSEN BREAKS SKI RECORD

BLOIT, Wis., Jan. 31.—The longest standing jump this winter in the American ski association, 114 feet, was made here today by Sigfrid Hansen, a professional from Perkasie Falls, Minn. The jump was made at the dedicatory tournament of the new slide of the Bloit Ski club.

## SEVERAL REASONS WHY PLAYERS OBTAIN MORE

WASHINGTON, Jan. 31.—Since Jimmy McAleer, the new manager of the Red Sox, came out with the statement that the big league clubs of today carry too many players, and that they are also pampered too much, the question has been much discussed.

Jimmy, in his statement, tells of the time he was playing under Pat Tebeau in a Cleveland uniform. The team only had 11 men on its roster, and was in the fight for the pennant every moment of the time. Today he says that a team has to have 25 players on its roll to be in the fight for a moment, and then they have to use pitchers in the outfield or outfielders in the infield some of the time.

He lays this to the fact that the men are pampered too much. That they have ceased to be ball players. They are athletes. In the old days the players took hardly any care of themselves. Today they keep themselves in the best of condition, have about half the work to do, but the manager is lucky if he can put his full playing strength in the field for a week's stretch.

This may be true, but baseball to

day has reached a far greater degree of perfection than in the days that McAleer speaks of. They get more pay than the old-timers, but the club owners also make many times as much as the old owners did. So they can afford to pay.

As for taking care of themselves, the ball players of today make the game a life's profession, or try to. The diamond stars of today include some men who have a college degree. They do not follow the profession they studied for, because they can earn more in the diamond game. They want to stay in the game as long as possible. While they do not love the sport any less than the old-timers, a business thought also enters into the game. The club owners make fortunes by their efforts, why should the players not get the good of it? And the managers are willing to pay. So, as long as both parties are satisfied, the players will continue to take care of themselves and the owners to pamper them.

## BIG FIGHT ON AMONG SENATORS FOR PLACES

By J. ED GRILLO.

WASHINGTON, Jan. 31.—In four weeks the first squad of the Nationals will report at Charlottesville, and a week later the entire team will be in action there. Not in recent years has any training camp promised so much interest as the coming one, for the reason that never before have there been so many positions in doubt as there are this spring. Heretofore, every position has virtually been assigned to some player long before the team went south. What youngsters were taken along were not figured on to break into the line-up, and decidedly few of them did. This spring it is different. Excepting McBride and Milan, the catching staff and Walter Johnson, not a man in the squad is sure of a position. There is a contest for every place, and it is largely among players who are unknown here. There are sure to be new faces galore when the team lines up here for the opening game of the season.

There are Flynn and Spencer for first base, and while McBride is believed to have a clear field for shortstop, no one can pick the players in hold down the other two infield positions with any degree of certainty. What is true of the infield is also true of the outfield. For Milan is the only one of the lot who is sure of his job. With this condition existing, the training trip will be an interesting one, indeed. An almost entirely new team will have to be developed before the season opens, and of what success Griffith will have in this respect depends the showing of the Nationals in the race.

Ted Sullivan, known everywhere where baseball is played, is in the city to spend a month or so. Mr. Tedford, while still in touch with everything pertaining to the game, is not actively engaged in it these days. Ted is a believer in Griffith. He says that the new manager will display great interest in his work and will give the team a great deal of attention. He takes time to build up ball teams," said he. "I believe that Griffith is the man who can turn the trick, though too much must not be expected of him at the outset. Give him a chance, and he will make good."

It is hard to understand how a base-

## RACING RESULTS

JUAREZ, Mex., Jan. 31.—As a result of the "in and out" running of the mare Lena Leach the stewards today announced that the future entry of all horses owned by J. B. Goodman & Co. and trained by A. B. Coyle be refused. All favorites fared badly today.

First race, 3 1/2 furlongs—Pan Zareta, 4 to 1, won; Palatable, 8 to 5, second; Oldsmobile, 6 to 1, third. Time 1:10.5.

Second race, one mile—Horn L., 3 to 1, won; Marnac, 4 to 1, second; Lehigh, 6 to 1, third. Time 1:40.3-5.

Third race, 6 furlongs—Abundant, 2 to 1, won; Bill Eaton, 10 to 1, second; Big Claim, 15 to 1, third. Time 1:13.3-5.

Fourth race, one mile—Uncle Ben, 13 to 5, won; John Louis, 5 to 5, second; Dangerous March, 5 to 1, third. Time 1:39.1-5.

Fifth race, 6 furlongs—Lyle Knight, 4 to 1, won; Odella, 10 to 1, second; Hidden Hand, 6 to 1, third. Time 1:11.1-5.

Sixth race, 7 furlongs—Anne McGee, 4 to 1, won; L. M. Bicket, 3 to 1, second; Letta Creed, 6 to 1, third. Time 1:26.4-5.

## TEAMS FIVE PER CENT BETTER ON HOME LOT

By JACK RYDER.

CINCINNATI, Jan. 31.—What is the percent in favor of a ball team playing on its home grounds? Taking the number of games won and lost at home and abroad as a basis, what would be the percent if any, in favor of a team playing at home?

This is a question frequently asked, and it is not a hard one to answer. Without going into the matter very deeply, we will take the work of the Reds as a criterion for the past two years. Last season the Reds won 38 games and lost 52 on their own field, while they won 32 and lost 41 away from home. Their average of games won at League park was .475, while their percentage away from home was only .448. This makes a difference of .027, or not quite 4 per cent in favor of the home field.

In 1910, the Reds won 39 games and lost 37 at home, for a percentage of .513. Away from League park they won 36 and lost 42 for an average of .462, a difference of .051 points, or almost exactly 5 per cent in favor of the home lot. As these were two average years, it is fair to conclude that these figures represent a fair average of the advantage of playing at home against playing abroad. That is, there is a difference of from 3 to 5 per cent, according to conditions of another nature, in favor of the team which is playing on the home grounds.

These figures might vary somewhat with different clubs and in different seasons, but the conclusion must be that the advantage is seldom greater than 5 per cent, and may sink as low as 3, or even 2.

It would very seldom be found that a club won more games away from home than it did on its own lot, though the thing has been done in the case of a game outfit, which enjoyed fighting on foreign territory. But nearly all teams, whether pennant winners or fallenders, will be found to do better work at home than abroad. The percentage of difference is slight, as already shown, but it is there just the same.

The main reason for this fact is the difference in the physical surroundings of the players on their own lot and on foreign grounds. At home, the boys are familiar with every inch of the playing surface. They not only play seven times as many championship games at home as they do on any other field, but they have morning practice there all through the early weeks of the season, and also a few weeks or a month of exhibition games. On the foreign fields they play only one game on each lot, with no practice except what little they get just before the game.

The players are therefore next to perfectly familiar with their own field, knowing by experience where all the little irregularities in the grounds are located, from what direction the prevailing winds blow, and where the shadows strike most darkly in the afternoon, when the game is being played. They do not have the time or opportunity to become nearly so familiar with these minor facts on

any ground abroad. Every playing field is peculiar in some way and different from every other. It is quite natural that a player should be more certain and accurate in his work on a field with which he is absolutely familiar.

Then, at home, the boys have a big advantage in living at their own homes, getting better rest and meals than it is possible to procure on the road, and they do not have to spend the hot nights of summer in close and crowded sleeping cars, as they do every third or fourth night when traveling. Early in the season they enjoy morning practice on their own grounds, which is not possible when abroad, for the home team has the exclusive right to the playing field for morning work.

There is very little advantage in the support of the home owners. A game team of ball players will play as well under fire as they will when the crowd is howling and rooting for them. In fact, some players seem to have more confidence and courage away from home, where they know they will not be roasted or criticized for mistakes so freely as they are apt to be by the home fans.

Speaking of this subject, yesterday, Captain Mitchell of the Reds declared that he considers the home grounds worth 4 or 5 per cent to the club. This is important evidence coming from Big Mike, for he has the hardest field in the country to play at League park. There is quite an advantage to the team in performing at home. "I think it is almost entirely in the surroundings," said the Red captain. "A man gets to be perfectly familiar with his own field in the course of time. Our club, for instance, usually plays three weeks or so at home before the regular season opens, and then we have morning practice for a good while after that. On other grounds we play only 11 times in a whole year, and never more than three or four games in succession, so we do not get used to the peculiarities of the ground before we are switched to some other place. At home, an abashed player soon gets to know any of the rough or soft spots in the playing surface, and also the angles at which the light strikes at different times of the afternoon. He can never become so familiar with these conditions on other grounds. It is also a handicap to a team to have to ride in hot sleepers night after night, and many of the hotels we stop at do not give us as good eating, by a long shot, as we get at home. Personally, I prefer the sun field at home to a shady field on most other grounds."

One of the phenomena of South American waters is the retention by each of its own color without diffusion to the point of actual contact, even when the rivers differ vastly in volume. Black waters flow into white ones, retaining their individuality on to the edge, a visible line of demarcation, on one side white, on the other side black, unmixed, unexplained. Thus the puny black Atabapo joins the surging white Negro to a mass of integrity; the black Negro receives almost at right angles the odious white Casiquiare without contamination, and itself empties into the Amazon, not so much as tinging the mud-colored waters of that mighty river.

## ALEXANDER EXPECTS TO WIN ONE-THIRD

PHILADELPHIA, Jan. 31.—The Phillies have two-thirds of the 1912 National League pennant locked in. President Bruce Fogel's private safe, Manager Doherty has been assured that he will win two-thirds of the games. "Charley will only need to devise ways and means to land that small and insignificant one-third."

With the arrival today of Pitcher Graver from St. Paul, Neb., the facts about the two-thirds of the pennant belonging to the Phillies were ascertained.

"Well, there's our third of the pennant," said Fogel, as he put Alexander's contract away in a private compartment. "And here is the option on another one-third," he exclaimed, as he fondled an envelope labeled "George Chalmers, pitcher."

And then he told the story. Manager Doherty and some mathematics entered into the picture. "Charley, with the aid of records, found that from 30 to 400 games, usually won, the National League club in a close race. He then ascertained that from 30 to 40 games should be one-third of the conquest necessary to land the flag. Then he advised President Fogel to promise to reward Alexander if he won one-third of the games necessary to capture the flag."

Alexander's contract came back and with it a letter telling of his delight at the terms. "You just count my one-third of the pennant won already," wrote Alexander. "I won 28 last year, I'm going to do better this year. If the other pitchers will win the other two-thirds we can't lose the flag."

Graver, Chalmers and also some pitcher, heard of Doherty's plan with Alexander, and immediately signed on the same terms.

## RIVERS THAT RUN IN STRIPES

From Yonkers Statesman.

One of the phenomena of South American waters is the retention by each of its own color without diffusion to the point of actual contact, even when the rivers differ vastly in volume. Black waters flow into white ones, retaining their individuality on to the edge, a visible line of demarcation, on one side white, on the other side black, unmixed, unexplained. Thus the puny black Atabapo joins the surging white Negro to a mass of integrity; the black Negro receives almost at right angles the odious white Casiquiare without contamination, and itself empties into the Amazon, not so much as tinging the mud-colored waters of that mighty river.

## S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Book on this disease with suggestions for home treatment, and any medical advice sent free to all who write.

## O'NEILL IS PLEASED WITH W. L. PROSPECTS

OMAHA, Neb., Jan. 31.—Norris L. O'Neill, president of the Western league of baseball clubs, en route to Des Moines, while here tonight expressed himself as well pleased with the outcome of the arrangement to finance the Lincoln club and declared that every club in the league is in good condition.

Asked about the suit filed by Guy Green against the National commission, O'Neill, with a sarcastic smile, replied:

"Well, it gives me a standing in the financial world and is a great boost. It is the first time the people have ever known that I was worth starting a suit against for a hundred thousand dollars. But you know the lawyers have to make a living. Seriously I do not believe they can make the suit stick."

Accompanying O'Neill were President O'Rourke of the Omaha club, Hanlon of Sioux City, Holland of St. Joseph and Frank Tabell. Holland left for his home tonight. The other managers will spend tomorrow in Des Moines straightening out matters with that club.

## MANY ATHLETES ANSWER COACH ROTHGEB'S CALL

Sixty men answered the call of Coach Rothgeb yesterday and promised to give every ounce of speed and spirit they knew in helping boost Colorado college's standing in the athletic world. From now on it will be strict training for them.

About 25 of the men, some of them of fast caliber, have told of their intentions of going in for baseball this spring. The others are going to take up track work. There is some talk of placing the long-distance men of the track team at a training table.

Yesterday's summons from Coach Rothgeb was in the nature of an athletic rally. It was held at noon in Perkins hall. Supplies for the baseball men and track men will be ordered some time this week.

## RUSSELL FORD, OF AMERICANS, SIGNS

NEW YORK, Jan. 31.—Announcement was made tonight that the New York Americans had received the signed contract of Pitcher Russell Ford. Secretary Tom Davis said the report that Pitcher Jack Warhop was "held out" or that he returned unsigned the contract and that the club was without foundation.

The Nationals announced that catcher Arthur Wilson, infielder Gardella and Pitcher Evans had sent in their signed contracts. Gardella and Evans are recruits.

## TOMMY BURNS ANXIOUS TO MEET JACK JOHNSON

HONOLULU, Jan. 31.—Tommy Burns, who arrived today from Australia en route to San Francisco, announced that he is ready to meet Jack Johnson, on his own terms, having recovered from an injury to his knee, sustained in a boxing game about 18 months ago. Burns went to Australia several months ago with Jack Lester, and has been training carefully pending full recovery of the wrenched knee.

The impediment of stammering is absolutely unknown among uncivilized races.

## PREDICTION ABOUT CLEVELAND WRONG?

It seems that Ty Cobb is taking a long chance on losing whatever reputation he may have as a prognosticator when he predicts that the Cleveland team will not finish higher than fifth in the next flag race, says a Cleveland writer. On paper the Naps surely deserve to be given a higher position, and it might be said that if Davis can inject the proper spirit the team stands a chance to win the pennant. A pitching staff such as Cleveland can boast of should win a lot of games for any sort of team, and when the fact is taken into consideration that Lajoie and Jackson it has a great pair of hitters, victories become more numerous and easier to figure. It must, of course, be admitted that in former years, when the Naps' chances have appeared just as bright on paper, the team has fallen down apparently because there appeared to be a special effort made by the players to display indifference and listlessness. It has not been an unusual spectacle to see a number of the Cleveland players back up their traps in the eighth inning, and start for the bus with the score one run against them and it is up to Davis to inject a different spirit, if the team is to finish where its natural strength warrants.

## LAMY MAKES GOOD AT SHORT DISTANCE GAME

SARANAC LAKE, N. Y., Jan. 31.—By winning four ice skating races in a series of six, Edmund Lamy was today declared the victor in the match at various distances skated by himself and Morris Wood.

Lamy yesterday won the three-quarter and the mile events and today captured the half mile and two mile races. Wood yesterday won the 200 yard dash and today took the 400 yard event in a fast sprint. Woods' time today was 39.2-5 seconds.

Lamy won the half by a foot in one minute 57 seconds. The two-mile event proved an exciting contest. Both men fell when less than a mile from the finish but Lamy slid over the line first and was awarded the race. His time was 6:35.2-5.

## THIRD BASEMAN DOYLE OF CUBS IS NEAR DEATH

SYRACUSE, N. Y., Jan. 31.—James Doyle, of this city, third baseman of the Chicago Nationals, who was stricken with appendicitis Monday, is reported in a critical condition tonight. Doyle was operated upon Monday and yesterday his physicians said his condition was favorable. Today a change for the worse occurred.

(NEW YORK MARKET)

NEW YORK, Jan. 31.—A week of quietness in the steel market today. The price fell 1/4 point, borne down by an outpouring of stock which smothered all attempts to support it. Union Pacific's showing was the better, losing 3/8. The collapse of those two leaders influenced the market to a pronounced degree. Losses were general among both railroad and industrial stocks. The total transactions for the day were 920,000 shares, the largest in several weeks. Transactions in United Steel were 23,000 shares. The selling movement was apparently due largely to professional operations. The weekly review of the steel and iron trade could not be made. The basis for operations against the steel stocks. Unfilled orders of the United States Steel corporation were estimated as larger than at any time during the last two years, and incoming orders were placed at 45,000 tons daily. United States Steel touched 63 1/2, the lowest price of several months, as compared with the high price Saturday of 66 1/2. The preferred fell to 109 1/2, that, as well as the common, dropping below 100. A figure of which it was offered for subscription to employees of the steel corporation. St. Paul touched a new low point on its present movement, its bottom figure of 104 1/2 being the lowest of several years. New York Central and Reading advanced to the first half, but both fell back later with the rest of the market. London said United States Steel heavily.

Arbitrage brokers said that the selling of United States Steel and Union Pacific for foreign account amounted to 20,000 or more shares.

The bond market was broad with a fair volume of business. Changes in quotations were mixed. Total values, par value, \$3,839,000.

Panama's advanced 1/2 on call.

Quotations furnished by Otis & Hough.

Table with 3 columns: Stock Name, Bid, Ask. Includes stocks like Atchafalaya, B. & O., Can. Pacific, etc.

CHICAGO MARKET

CHICAGO, Jan. 31.—Wheat prices fell in the last hour today as a result largely of signs of a let-up in the recent extraordinary demand for corn. The close was weak at 1/2¢ to 1/4¢ decline from last night. Late trading left corn with a net advance of 1/2¢ to 1/4¢ on 1/2 to 1/4¢ and hog products 1/2 to 1/4¢ lower. The collapse in the wheat market came after the receipt of dispatches from St. Louis and Kansas City saying it looked as if the southwest and south had been filled up with corn for a while. Texas buyers in particular were reported to be backing away. Kansas City reports had caused a weak opening for wheat buyers, but the big bulk of foreign grains sent wheat prices skyward. The return was aided by statements that Canadian farmers faced huge losses unless 30,000,000 bushels of damp wheat in the west could be dried and marketed before spring. Profit-taking, however, and the market in corn brought about in the end a complete reversal of tone. May fluctuated from \$1.02 1/2 to \$1.03 1/2 with last sales 1/4¢ net lower at \$1.02 1/2.

BOND LIST

Table with 3 columns: Stock Name, Bid, Ask. Includes stocks like Atchafalaya, B. & O., Can. Pacific, etc.

WITNESS MYSTERIOUSLY ILL

PORT WORTH, Tex., Jan. 31.—There has been no improvement this morning in the condition of Edward Throckmorton, principal witness in the case of John R. Sneed, accused as the slayer of Capt. A. G. Boyce. Throckmorton was stricken suddenly last night. It is declared he cannot live.

EASTERN LIVE STOCK

KANSAS CITY, Jan. 31.—Cattle—Receipts 5,000, including 1,000 southern. Market steady to 1/2¢ higher. Native steers, \$4.00 to \$5.00; southern steers, \$3.00 to \$4.00; native cows and heifers, \$2.00 to \$3.00; stockers and feeders, \$1.00 to \$2.00; hogs, \$3.00 to \$4.00; calves, \$2.00 to \$3.00; western cows, \$3.00 to \$4.00.

MAGAZINE ARTIST DISAPPEARS

Specific Drugs to Kill Pneumonia and Typhoid Parasites Is Possibility

NEW YORK, Jan. 31.—A committee of American philanthropists is preparing to establish in Germany a great institute of scientific research, according to cables received today. The head of the institute is to be Professor Ehrlich of Frankfurt, who discovered the remedy "606" and is now experimenting with a drug which he hopes will prove to be specific for cancer.

American men of money became interested in his work through Dr. Lewis Marks, a young New Orleans biologist who has been Professor Ehrlich's chief assistant for the past five years. Dr. Marks has already received definite pledges of more than \$125,000 for the project and expects that the fund will eventually reach several times that amount.

Dr. Marks was in New York a few weeks ago and at that time he made the announcement which was made of the discovery of specific drugs for the destruction of the parasites of pneumonia and typhoid. He is a graduate of Tulane university and is still under 30 years of age.

TO HUNT BURIED TREASURES

BOSTON, Jan. 31.—Equipped with wrecking apparatus of the most modern type, the schooner Ned P. Walker, will leave Boston next week for the West Indies on a systematic search for unknown treasures on the Spanish main. Four divers will accompany the expedition and large quantities of dynamite are being taken to tear apart the hulks.

GREELEY BUSINESS MEN TO REPORT UNDESIRABLES

WHEELEY, Colo., Jan. 31.—A business men 50 in number are banded together in a secret committee to rid the city of undesirables and that they will aid the police in deporting those who take advantage of the small police force to show lawlessness, was announced by Chief of Police Camp today.

A SQUARE DEAL

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless—even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
